Suk or Pulusuk, Pozoat—Reefs and tides in the vicinity of—.

NOTICE TO MARINERS No. 146 of 1901 issued by the British Admiralty is republished.

The following information, dated 20th November 1900, has been received from Mr. J. G. Hitchfield, commanding the schooner *Queen of the Isles*, respecting the reefs and tides in the vicinity of Suk, and Pozoat, Caroline Islands:—

a. Mr. Hitchfield states that the Susanne reef, Pulusuk island, and the shoal reported in 1886, are connected together by a bank on which there is a depth of 12 fathoms or less. The tide is said to run strongly over this bank, the flood setting to the eastward and the ebb to the westward.

Approximate position, lat. 6° 55′ N., long. 149° 15′ E.

b. The Uranie bank is said to be connected to Pozoat island.

Approximate position, lat. 7° 22′ N., long 149° 25′ E.

c. A bank, now called Hitchfield bank, with a depth over it of 11 fathoms or less, and 4 or 5 miles in diameter, was passed over in lat. 7° 46′ N., long 149° 42′ E. (*Notice No. 146 of 1901.*)

This Notice affects the following Admiralty Charts:—Pacific, No. 781; Caroline islands, No. 980: Also, Pacific islands, vol. I, 1900, page 429.

OBSERVATIONS.—These papers refer to the appointment both of officers to the Engineer establishment and of Subordinates to the Upper Subordinate Establishment of the Public Works Department in Bengal. It is intended to make some alterations in these orders.

2. With reference to the officers of the Engineer Establishment it was, at first, laid down that "one and two appointments in the grade of Assistant Engineer are reserved, in alternate years, for students of the Sibpur College who qualify at the University Examinations." But, subsequently, it was decided that only one appointment each year should be made from those students, and that, in alternate years, one Upper Subordinate should be promoted to the Engineer Establishment. The students who qualify at the University Examination are those who are trained in the Engineer Department of the Sibpur Civil Engineering College, they continue for one year, after passing the University test, to study in a "practical course" (rule 8, page 18 of Sibpur College Calendar 1900) and during that course are considered as students of the College. At the end of this "practical course" one of the students is appointed an Apprentice Engineer in the Public Works Department.

3. Hitherto it has been the custom, to which there has been one exception, to grant the annual appointment of Apprentice Engineer to the student who stood first in the University Examination. The Lieutenant-Governor does not consider that this system is satisfactory The student, who graduates at the top of the list, may be but little superior, in theoretical knowledge, to those below him on the list, and he may be inferior to them in practical efficiency on works, in energy and in physique, all points of importance to an Engineer. These are characteristics which are developed during the year's "practical course," and can be gauged at the end of it. The Lieutenant-Governor has, therefore, determined that the graduates, to whom the one appointment of Assistant Engineer is reserved, shall be required to go through an examination in certain practical subjects at the end of the "practical course" and that the graduate who shall stand highest in that examination shall be given the appointment of Apprentice Engineer, with the prospect, if his apprenticeship is satisfactory, of being confirmed as an Assistant Engineer in the Provincial Public Works Department.

4. WITH reference to the Upper Subordinate Establishment, it was, at first laid down that "all vacancies in the Upper Subordinate Establishment in Bengal are reserved for Graduates in Engineering of the Calcutta University who have been educated at the Sibpur Engineering College." Subsequently that order was modified, to some extent, but direct appointments were limited to :—

Resolution No. 32 7E.T., dated 13th December 1893.

(i) mechanics required for special purposes;

(ii) students from Sibpur or other Indian College who had either graduated in Engineering at an Indian University, or held certificates as Assistant Engineer from the Thomason College, Rurki; and

(iii) Certain students from Sibpur who had been through the full College Course but had not graduated at the University.

As a matter of fact, since 1895, out of 39 direct appointments made to the Upper Subordinate establishment of the Bengal Public Works Department, 31 appointments have been made from students of the "Engineering Department" of the Sibpur College, who have graduated at the Calcutta University.

5. But the Sibpur College has not only got an "Engineer Department"; it has also an "Apprentice Department." Those students who pass successfully through the whole course of five years in the "Apprentice Department" obtain certificates as Upper Subordinates and Foremen Mechanics; and some of these qualify as Sub-Engineers. The students of the "Apprentice Department" may obtain, and do accept, appointments as Sub-Overseers on the Lower Subordinate establishment; but, although they may be qualified as Upper Subordinates or even as Sub-Engineers, they have no means of direct access to the Upper Subordinate Establishment of the Bengal Public Works Department.

The conditions of the College require that a student, entering the "Engineer Department," should have attained a much higher standard of general education than one entering the "Apprentice Department;" and the limit of age, in the one case, is about four years higher than in the other. A successful student from the "Engineer Department" attains the University degree of L.E. or B.E.: This is a diploma indicating a standard of proficiency in Scientific and Engineering knowledge which is far higher than that attained by the successful student of the "Apprentice Department." On the other hand, experience has shown that the "Apprentice Department" turns out students who are men of a more mechanical, and, therefore, of a more practical stamp than those who graduate at the University. The "Apprentice Department" of the College has been greatly improved in late years, and the Lieutenant-Governor is of opinion that the students of that Department should be allowed to compete for direct appointments in the Upper Subordinate Establishment of the Bengal Public Works Department.

6. The Behar School of Engineering has recently been re-organized and and the standard of the Education it gives has been raised. The successful students from the School will finally pass an examination which will be equal to that passed by the students of the "Apprentice Department" of Sibpur. But the Behar students do not have the 18 months' practical training in the workshops which some of the Sibpur students go through and are not entitled to the certificate of Upper Subordinate and Foreman Mechanic which the latter attain. They are therefore likely to be less efficient than the Sibpur students in practical work.

7. After consideration of all these circumstances the Lieutenant-Governor has decided that, as a general rule to which it may be necessary to make some exceptions, the Upper Subordinate Establishment in Bengal shall, in future, be recruited in about equal proportions (1) from the students of the Sibpur Civil Engineering College who have graduated in the Calcutta University, and (2) from the students of the "Apprentice Department" of Sibpur and students, of the Behar School of Engineering.

8. The students, who will be permitted to compete for these appointments, will be determined by the rules in the following Resolution. They will all be required to pass through the "practical course" which is mentioned in paragraph 2, and will, at the end of it, be subjected to the examination referred to in paragraph 3.

9. The students from the Apprentice Department of Sibpur and from the Behar School of Engineering will be given an allowance during the period of the practical course of Rs. 50 a month. This allowance will be withdrawn if the conduct of the student is not satisfactory.

10. The rules in the following Resolution will be brought into effect with reference to those students who pass out of the Sibpur College or the Behar School in the year 1902:—

RESOLUTION:—I.—One appointment as Apprentice Engineer will be made each year from the students of the "Engineering Department" of the Sibpur Engineering College, who have qualified at the Calcutta University Examinations and who have also qualified in a year's "practical course" in the Public Works Department. If the Apprentice Engineer serves his apprenticeship satisfactorily, he will be permanently appointed as an Assistant Engineer in the Provincial Service of the Public Works Department.

II.—In alternate years one Upper Subordinate will also be promoted to be an Assistant Engineer in the same service.

III.—The probable number of vacancies in the Upper Subordinate Establishment of the Bengal Public Works Department will be estimated annually. The number of graduates of the Calcutta University (being students from Sibpur College), who will be placed on their "practical course" in the Public Works Department, will be one more than the number so estimated, but not less than four in any case.

They will be taken in the order in which they stand in the University list, and, if a mining student is among the number, he will be allowed to reckon his mining course as equivalent to the "practical course."

IV.—The Lieutenant-Governor will select from among the students who have, in the year, passed the final examination of the Behar School of Engineering, or of the Apprentice Department at Sibpur, a number equal to the estimated number of vacancies in the Upper Subordinate Establishment and not less than four in any case. These candidates will be placed on the same "practical course" as the students of the "Engineering Department" of the Sibpur Engineering College are, for one year in the Public Works Department; only one candidate will be usually nominated from the Behar School of Engineering.

V.—The "practical course" in the Public Works Department will be conducted as it has hitherto been. When it is over, a Board of Examiners will be formed, consisting of one Superintending Engineer and two Executive Engineers, who will subject all of the above-mentioned student candidates to an examination, which will be designed to test them in those qualities which, independently of book work and theory, go far to make an efficient officer. The examination will be essentially a practical one: it will, as far as possible, be conducted orally and in the field.

VI.—The examination will include :—

		Full marks.
First.—The results of the last handicraft examination passed by the students at the College considered equal to		1,000
Secondly.—The marks awarded in the practical examination in the following subjects :—		
	Full marks.	
(1) Practical Levelling	250	
(2) Practical Engineering	250	
(3) Preparation of materials... ...	250	
(4) Knowledge of simple accounts ...	250	
(5) Ability to prepare, use and apply working drawings	250	
(6) Estimating	250	
(7) Riding on horseback	500	
		2,000
Grand Total ...		3,000

VII.—The Local Government, in reviewing the results, will take into consideration the reports on the character and general fitness of the candidates, which are submitted by the officers under whom they have served during the "practical course," and will then arrange the whole number of candidates on a list in order of merit.

VIII.—The first candidate on this list who holds a University degree will be offered the appointment of Apprentice Engineer.

IX.—The others, in their order on this list, will be offered appointments as probationary overseers. Those who hold the certificate of Upper Subordinate and Foreman Mechanic, or any superior certificate, will usually be placed in the second grade: but, if the Lieutenant-Governor considers that any one of the successful candidates is of exceptional merit, he may be appointed first grade. Those candidates who hold a lower certificate, not equal to that of Foreman Mechanic, will be placed in the third grade of overseers.

X.—The seniority of those who may be appointed will be determined by their order on this list

XI.—This Resolution only affects paragraph I of Bengal Government Resolution No. 3297E. of 13th December 1893; the other paragraphs of that Resolution remain in force.

ORDER—Ordered that a copy of this Resolution be forwarded to the General (Education) Department of this Government; to the Director of Public Instruction, Bengal; to the Principals, Patna College and Civil Engineering College, Sibpur; to the Commissioner, Patna Division and to the Head Master, Bihar School of Engineering for information, and that it be published in Part I of the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

R. B. BUCKLEY,

Secretary to the Govt. of Bengal.

RABI CROPS IN BENGAL, 1900-1901

THE following is published for general information.

F. A. SLACKE,

The 4th April 1901. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Note on the rabi crops in Bengal for 1900-1901.

Explanatory.—Hitherto this forecast has included *rabi* crops of all kinds, and figures for wheat, sugarcane, cotton (early and late) and *rabi* oilseeds, for which separate forecasts are issued by this Department, were given in it. With Government Order No. 2369T.—R., dated the 3rd November 1900, however, instructions have been received for the omission from the *bhadoi* and *rabi* forecasts of all crops for which separate reports are prepared. These orders have been carried out and this is the first note on the *rabi* crops of these provinces from which figures of wheat, cotton and oilseeds have been omitted.

Character of the season.—The monsoon rains of the year 1900 were capricious and badly distributed, and the cold weather season has been abnormal in many respects. At the commencement of October the districts of the Presidency Division had not recovered from the unprecedented fall of rain in September, while in many districts of Northern and Eastern Bengal the rainfall was in considerable defect. There was little or no rain in the months of October and November, and the prospects of the *rabi* crops suffered in consequence, while the area sown with them was restricted. In December, January and February, the rainfall considerably exceeded the normal in Chota Nagpur, Orissa, and in parts of Bihar, but was deficient in North and East Bengal. The excess of rain did a good deal of damage in some districts, while the want of it was seriously felt elsewhere. The season was, on the whole, therefore, unfavourable to the growth and ripening of the *rabi* crops.

Area sown.—Excluding the areas sown with wheat, cotton and oilseeds, the normal area under the different *rabi* crops in these Provinces stands at 9,493,300 acres. The area cultivated this year with the several *rabi* crops is 9,047,800 acres as compared with 9,262,000 acres in the preceding year. The area under *rabi* food crops this year is 7,647,200 acres against 7,734,200 acres, the estimated area last year. As has been noted above, the reduction in area is mainly due to the sudden termination of the monsoon rains early in

October last, and the area placed under these crops in the Presidency Division was also affected by floods.

Outturn.—It will be seen from Appendix I, that out of the 15 districts in these Provinces, only one, Saran, anticipates an outturn above the normal (111 per cent.), and in only two others (Birbhum and Backergunge) is a normal outturn expected. Of the rest, twenty districts estimate an outturn varying between 80 and 99 per cent., eleven others estimate an outturn varying between 60 and 79 per cent.; while in the remaining 11 districts the estimate falls below 60 per cent. Taking the Province as a whole, the District Officers estimate the probable outturn of the *rabi* crops at 79 per cent. of a normal crop, as against 88 per cent. estimated last year.

I believe, however, that the returns are in some cases unduly pessimistic, and it seems probable that the ill effects of the rain and cloudy weather in January and February last have been over-estimated. In these circumstances, I anticipate that the outturn will not fall short of 85 per cent. for the province as a whole.

Gross outturn of summer rice.—I append a statement showing approximately the probable outturn of the *boro* or summer rice crop, accepting 88 per cent. as the estimated outturn. It amounts to 3,094,900 cwts., as against an outturn of 3,286,600 cwts. reported last year.

P. C. LYON,

Director of the Department of Land Records and Agriculture, Bengal.

The crop also an absence of rain in October and November, while the rain which fell in February was of no benefit to the standing crops.	The floods of September were exceptionally heavy in this district and probably justify the Collector's gloomy estimate.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1·0 ⊙ lower; and, finally, the thermometer, which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards, is found to read 0·6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

RAILWAY DEPARTMENT.

The 16th April 1901.

No. 56R —Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for constructing proper passenger and goods' platforms with approach roads at Garowl station in Tirhut State in the village of Garowl, pargana Bisaia, zilla Muzaffarpur, it is hereby declared that for the above purpose two plots of land measuring, more or less, 16 bighas 16 cottahs 3 chitaks of standard measurement, bounded as follows :—

Plot 1.—On the north by the public road, on the south by the zerat of indigo-planters, on the east by the gola and zerat of indigo-planters, and on the west by the Railway line,

Plot 2.—On the north by the public road, on the south by the zerat of indigo-planters, on the east by the Railway line, and on the west by the zamindari land,

are required within the aforesaid village of Garowl.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Resident Engineer, Muzaffarpur.

D. JOSCELYNE,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 15th April 1901.

No. 46Marine.—Mr. J. Christie, Branch Pilot, is granted, under articles 746 (*a*) and 747 of the Civil Service Regulations, privilege leave for six weeks, with effect from the 1st May 1901, or any subsequent date from which he may avail himself of it.

R. B. BUCKLEY,
Secy. to the Govt. of Bengal.

The 16th April 1901.

No. 47Marine.—Under section 10 of Act I of 1859 (an Act for the amendment of the law relating to merchant seamen), the Lieutenant-Governor is pleased, with the sanction of the Governor-General in Council, to make the following rule in supersession of rule 10 of the rules for the conduct of examinations for Masters and Mates of Foreign-going ships and

Home-trade ships and as to the qualifications to be required sanctioned by this Government in this Department's Notification No. 183Marine, dated the 28th September 1899.

Rule 10.—Every candidate for a certificate of competency of any grade must pass the three tests before he can proceed to the examination in navigation and seamanship.

(1) The three tests are :—

(*a*) Form vision test (see page 93).
(*b*) Colour vision test (see page 94).
(*c*) Colour ignorance test (see page 103).

No candidate will be examined in the colour vision test until he has passed the form vision test or in the colour ignorance test until he has passed the colour vision test.

(2) This rule must be observed whether the candidate has or has not on any previous occasion passed the sight tests.

(3) Candidates who fail to pass the form vision test or colour ignorance test can be re-examined at intervals of three months, but candidates who fail to pass the colour vision test cannot be re-examined. It is open, however, to any candidate who has failed to pass the colour vision test to appeal to the Government, who may, if they think fit, remit the case to a special examiner or body of examiners for final decision.

(4) The expenses of candidates who are examined by such special examiner or body of examiners, and are reported by them to have passed, will, under certain circumstances, be paid by the Government, at a rate which will be notified to the candidate; but no payment whatever will be made towards the expenses of candidates who, upon their own application, are examined by the special examiners, and are reported by them to have failed, unless the Government consider that the particular circumstances of the case justify such payment. The special examinations will be held in Calcutta only.

(5) When a candidate fails to pass the colour vision test, the examiner will point out to him the conditions under which he can appeal. Appeals are to be made through the examiner, and forwarded to the Government with the examiner's remarks.

(6) The fee paid for examination for a certificate of competency includes the fee of one rupee for examination in form vision, colour vision and colour ignorance; and if the candidate fails to pass those tests, this fee will, with the exception of one rupee, be returned to him.

(7) Only examiners who have themselves passed the colour vision test are to undertake these examinations.

ENGINEER DEPARTMENT.

Session 1901-1902.

CANDIDATES for admission to the Engineer Department should apply to the Principal before the 15th May 1901. Each application must be accompanied by a registration fee of Re. 1. The session begins on Monday, the 3rd June 1901.

Candidates must furnish proof that they have passed one of the following tests —

(1) The F.A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.

(2) The B.A. Examination in the B course in Physics and Chemistry. The candidate's age must be under 23 years

In selection of candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of F.A. Examination.

The maximum number to be admitted each year is limited to 40. The position in the University examination and the age of the candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Further particulars will be supplied on application to the Principal.

APPRENTICE DEPARTMENT.

Session 1901-1902.

THE date for admission to this department is 3rd June 1901. Candidates must be at least 15 and not more than 17 years of age.

They must have passed Standard VII of the Code for European Schools or the University Entrance Examination. They must submit their applications accompanied by a certificate of age and a certificate showing that they have passed the requisite standard so as to reach the Principal not later than the 6th May 1901, together with a registration fee of Re. 1. No application will be attended to after this date.

The maximum number to be admitted each year is limited to 60, and applicants will be selected in order of merit.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, chest measurement, fitness for manual labour and eyesight. If this officer's report is unsatisfactory, the applicant will not be admitted.

Before an apprentice is admitted to the College, his parent or guardian must sign an agreement in the form shown in Appendix A.

The session begins on the first Monday in June. All apprentices are required to join the College on that date. Any apprentice prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No apprentice will be admitted or re-admitted to the College after the close of the month of June except by special order of the Director of Public Instruction. This permission will only be given under exceptional circumstances

There will be one vacancy on the free list for Christian apprentices in June next, and there will be 21 on the reduced fee* list. For natives there will be at least seven vacancies, possibly more, on the reduced fee list.

* Rs. 5 per mensem.

These vacancies will be filled up after the opening of the session by the Board of Visitors from those apprentices who join the College No guarantee can, therefore, be given beforehand, but forms to be filled up for the consideration of the Board can be had on application to the Principal.

With the exception of students on the free and reduced fee lists, all apprentices will pay a tuition fee of Rs. 3 a month for each month of the year.

Further particulars will be supplied on application to the Principal.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876:—

The Hon'ble MR. P. NOLAN, the Hon'ble MR. R. T. GREER, the Hon'ble BABU TARINI KUMAR GHOSE, the Hon'ble MR. A. M. BOSE and the Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA OF MURSHIDABAD took their seats in Council.

QUESTIONS AND ANSWERS.

SALT DEPARTMENT INSPECTORS.

The Hon'ble DR. ASUTOSH MUKHOPADHYAYA said :—

I.—Will the Government be pleased to enquire and state if there is any rule or practice which regulates the appointment of Probationary Inspectors in the Orissa Salt Department, their confirmation and their promotion to the office of Superintendent?

II.—Will the Government be pleased to enquire and state the circumstances under which Mr. F. E. Ager was appointed a Probationary Inspector in the Orissa Salt Department and promoted to the Superintendentship of the Balasore District?

III.—Will the Government be pleased to enquire and state whether it is true that Mr. Ager superseded several Inspectors, both European and Indian, who were senior to him and had efficiently served from two to twenty-two years?

IV.—Will the Government be pleased to enquire and state whether there were any, and, if any, what special circumstances in Mr. Ager's case; and whether there have been any similar cases within the last three years?

The Hon'ble MR. BAKER replied :—

No. I.—"There is no separate Orissa Salt Department. The Bengal Salt Department is of quite recent creation, the scale of establishment including the two probationary Inspectors having been sanctioned only last year. No rules for making appointments have been framed, and no particular practice has yet come into existence."

"Taking Nos. II, III and IV together, Mr. Ager was appointed a Probationary Inspector in March, 1900, with the distinct intention of appointing him to be a Superintendent on the occurrence of a suitable vacancy. At the time of his appointment, there were nine Inspectors, all of whom had less than four years' service except two, who were not likely to be promoted to Superintendentships. Mr. H. U. Baker to whose vacancy Mr. Ager succeeded had been appointed a Superintendent direct."

PLEADERS IN THE SONTHAL PARGANAS: ADMITTANCE OF PLEADERS, MUKHTEARS AND THEIR CLERKS INTO OFFICES ATTACHED TO CIVIL COURTS.

The Hon'ble BABU BOIKANTA NATH SEN asked :—

I.—Is the Government aware that, notwithstanding the provision in section 340, Criminal Procedure Code, Act V of 1898, that "every person accused before any Criminal Court may of right be defended by a pleader," accused persons are not allowed, as a rule, to exercise the right in the Criminal Courts of Original and Appellate Jurisdiction in the Sonthal Parganas, and that they are permitted to be defended by pleaders in rare and exceptional cases only?

If so, will the Government be pleased to state whether it approves of the curtailment of the right of an accused person in respect of his defence, and whether it considers the same to be in accordance with law and justice?

II.—Is the Government aware that, with the exception of the Deputy Commissioner and the Sub-divisional Officers, all other officers presiding over Criminal Courts in the Sonthal Parganas are prohibited, by circular orders issued by local authorities, from permitting accused persons to be defended by pleaders without the sanction of their immediate superiors in office?

Have such circular orders by local authorities been issued with the knowledge or approval of the Government, and does the Government consider it proper or just or necessary to restrict the officers presiding over Criminal Courts in the exercise of their discretion in connection with the permission aforesaid?

III.—Will the Government be pleased to state whether, in view of the existing circumstances and conditions of the Sonthal Parganas, it considers that there is any valid reason why accused persons should not be allowed to be defended by pleaders in any case, in the face of the provision in section 340, Criminal Procedure Code?

Does the Government consider the non-application of the Legal Practitioners' Act (Act XVIII of 1879, as amended by Act IX of 1884) to the Sonthal Parganas as a bar to the exercise of the right conferred by the said section 340? If so, will the Government be pleased, by the exercise of the authority given to it by Regulation III of 1899, to declare that the said Legal Practitioners' Act shall be deemed to be in force in the Sonthal Parganas, or otherwise to remove the grievance of the accused persons by issuing the necessary orders or instructions to officers presiding over Criminal Courts in the said Parganas to permit them to be defended in all cases by pleaders, as defined in section 4, clause (*r*) of the Criminal Procedure Code of 1898?

IV.—Will the Government be pleased to state whether, by its Circular (Judicial) No. 1259J, dated the 13th February, 1901,* issued under the signature of the Hon'ble the Officiating Chief Secretary to the Government of Bengal, the Government intends to prevent the admittance of pleaders, mukhtears, and their clerks in the offices attached to all Civil Courts?

---

* Circular No. 1259J, dated Calcutta, the 13th February, 1901.

From—C. E. BUCKLAND, ESQ., C.I.E., Offg. Chief Secy. to the Govt. of Bengal.

JUDICIAL.

SIR,

I AM directed to say that the following rule has been issued by the Government for incorporation in the Revenue Officers' Manual:—

"With a view to the better conduct of business in Collectorate offices, the Lieutenant-Governor has been pleased to order that at the entrance of each office room occupied by clerks or muharrirs or copyists shall be placed a wicket gate with a spring. Inside each such office is to be kept a list showing who are the officers entitled to occupy the room. Outside the entrance to the room should be hung in a conspicuous place a board, having printed on it, both in English and the vernacular, 'No admittance for the public.' The Collector and the Deputy Collector in charge of a department should visit at unstated times during office hours the room occupied by its subordinates, and call the roll; and, in the event of his finding any outsiders within the room, the ministerial head of the department should be punished, since he is to be held responsible that the public do not enter the room."

2. The Lieutenant-Governor desires that the above instructions should be followed by all Civil Courts for the better conduct of business in their offices, and I am to request that you will be so good as to issue the necessary orders in the matter.

The Hon'ble MR. BUCKLAND replied:—

To Question No. I.—

"Section 340 of the Code of Criminal Procedure must be read with section 4 (*r*) of the same Code, which in the case of the Sonthal Parganas considerably limits the application of section 340.

"As the Legal Practitioners' Act is not in force in that district, section 340 is only operative in respect of any person 'appointed with the permission of the Court to act in such proceeding.' Under Government orders of long standing it is left to the discretion of the local officers to determine whether or not in any specific case permission shall be given by the presiding judicial officer to a pleader to appear in that capacity and as next friend of the party whom he advises. The parties therefore are not debarred from exercising any rights which they possess.

"The rights of no accused person have been curtailed, and the standing orders in the Sonthal Parganas the Lieutenant-Governor does not intend to change."

To Question No. II.—

"The circular orders in question, if issued, have not been reported to Government. Government do not propose to interfere with the action of the Commissioner or Deputy Commissioner in the matter."

To Question No. III.—

"It has long been the settled policy of Government not to allow pleaders to practise without restriction in the Sonthal Parganas. Government have therefore no intention of declaring the Legal Practitioners' Act to be in force in that district. The fact that this Act is not in force prevents, as has already been explained, section 340 of the Code of Criminal Procedure, conferring a right on parties to be represented by pleaders: but Government have no reason to suppose that the local Courts, acting under section 4 (*r*) of that Code, refuse permission to pleaders to appear and defend accused persons according to the practice which has long been in force."

To Question No. IV.—

"By the Circular No. 1259J, dated the 13th February, 1901, it was intended to prevent all persons from entering the Government offices attached to all Civil Courts, except the Government clerks, muharrirs or copyists employed in those Government offices.

"Orders will be issued for arrangements to be made, by structural arrangements, counters or otherwise, for the public (including pleaders, mukhtars and their clerks) to have, for legitimate business, means of communication with the Government officials without entering the offices in question."

EXCISE IN MUNICIPALITIES.

The Hon'ble MR. A. M. BOSE said:—

I.—I beg to invite the attention of the Government to the provisions of section 84 of Bengal Act VII of 1878, which empowers the Government, with the sanction of the Governor General in Council, to assign to the Corporation of Calcutta or to any other Municipality all or any of its powers in respect of the granting, withholding, and withdrawal of licenses for the sale of excisable articles; and to enquire if such assignment has up to now been made to any of the Municipalities, and, if so, to which of them? Should no such assignment have been made, will the Government be pleased to take early steps for giving a reality and practical shape to the permissive powers conferred on it by the section referred to?

The Hon'ble MR. BAKER replied:—

"The provisions of section 84 of Bengal Act VII of 1878 have not been applied in Calcutta, or any other Municipality in Bengal. The question was discussed between the Governments of Bengal and of India in 1889, and the conclusion at which both Governments arrived was that no such system could be successfully administered. In that conclusion the Lieutenant-Governor concurs."

FLOODS IN THE DUM-DUM SUB-DIVISION.

The Hon'ble MR. A. M. BOSE asked:—

II.—(*a*) Has the attention of the Government been drawn to the serious suffering and damage caused to the inhabitants of a large number of villages in the neighbourhood of Dum-Dum during the heavy rains of September last, owing to the obstruction caused to the flow of water towards the Salt Water lakes by the Bengal Central Railway line; and to the following observations made by Mr. Lyall, the Magistrate of the 24-Parganas, after his inspection of the locality in his letter to the Commissioner of the Presidency Division:—"I have no hesitation in saying that the culverts between Dum-Dum Junction and Dum-Dum Cantonment are ridiculously inadequate for the water they have to carry off. The difference in the water-level is nearly two feet at the openings themselves, and the water is roaring through as in a mill sluice. I attribute

a good deal of the unhealthiness of Sinthee (through which I rode) and the insecurity of the crops to the north-west of Bengal Central Railway line to this cause, and I think the Bengal Central Railway Company should be called on to provide adequate waterways"?

(*b*) Is it also the fact that the Sub-divisional Officer of Baraset has reported that this portion of the line is a serious obstruction to the drainage of the country?

(*c*) Will the Government be pleased to state what steps have been taken to remedy the defects pointed out, and with what result?

(*d*) Will the Government be also pleased, in the interests of people who are frequently too poor and too ignorant and helpless to make a representation on their own behalf, to direct an enquiry and call for a report as to the adequacy or otherwise of the culverts to carry off the water during the rains in other portions of the line referred to?

The Hon'ble MR. BUCKLEY replied:—

"The attention of Government has been drawn to the effects of the heavy rainfall of September last in the neighbourhood of Dum-Dum. The waterways were provided to meet normal floods. An entirely unprecedented flood, such as that of last year, could not be met at any reasonable cost. The question of providing increased waterway within reasonable limits is under enquiry."

THE SIBPUR AGRICULTURAL FARM.

The Hon'ble MR. A. M. BOSE asked:—

III.—Is the Government aware of the extremely unhealthy character, through want of drainage and otherwise, of the site occupied by the Sibpur Agricultural classes and the Farm attached thereto; and of the need of making better arrangements for the godown, and providing healthier and more suitable accommodation for the Agricultural Lecturer as well as for the Overseer and the Farm labourers? Have any steps been taken to remedy these defects? If not, will the Government be pleased to make suitable provision for the purpose in the Budget for the next year?

The Hon'ble MR. SLACKE replied:—

"Government has for some time been aware of the unhealthy nature of the site of the Sibpur Agricultural Farm, and drainage works are now being carried out which will, it is hoped, effect an improvement.

"Improvements to the godowns have been sanctioned, and will be carried out in the next financial year.

"With regard to improving the quarters of the Agricultural Lecturer, pending the decision of the question whether the Farm is to be removed to another site, no action will be taken.

"It is not proposed to make any change in the Overseer's quarters; but with regard to those of the Farm labourers improvements are, it is understood, about to be made."

MID-YEAR SALES OF TENURES.

The Hon'ble MR. SLACKE called attention to the following question asked by the Hon'ble Raja Ranajit Sinha Bahadur, of Nashipur, at the Meeting of Council held on the 21st July, 1900:—

"IV.—Having regard to the fact that the dates fixed by Collectors for mid-year sales of tenures under Regulation VIII of 1819 are not in accordance with the provisions of section 8, clause 3, of the said Regulation, and are not uniform in all the districts on account of the intervention of Durga and Lakhi Puja holidays, will the Government be pleased to issue general instructions enjoining on all the District Officers either to fix the 1st of Agrahan, as provided in the Regulation, as the date of sale, or some other date to be fixed for all the districts upon some uniform calculation?"

and to the following answer which he then gave, *viz* :—

"The report called for from the Board on the question has not been yet received, and until it comes, the Lieutenant-Governor regrets that the question of the Hon'ble Member cannot be answered."

The Hon'ble MR. SLACKE then said :—

"The report having been received, the answer is as follows :—

"Instructions have recently been issued by the Board enjoining on District Officers that patni sales should invariably be held on the 1st Jeth and Agrahan or on the first following day on which the Courts are open"

VERNACULAR TEXT BOOKS.

The Hon'ble MR. A. M. BOSE said :—

IV —With reference to the new scheme for the preparation of books for vernacular education, published in the Calcutta Gazette of the 13th March, (Part I, page 297), will the Government be pleased to re-consider the innovation introduced therein requiring the authors of vernacular text-books, whether in vernacular literature comprising Prose, Poetry, Grammar and Composition, or in Arithmetic, or Euclid, or Historical, Geographical or Science Reader, to submit them, accompanied by a type-written literal English translation of their respective works? Has the Government taken into consideration the fact that the introduction of this rule will seriously handicap many vernacular authors of repute whose knowledge of English or means may be limited, and that it will keep out a good many desirable candidates and materially reduce the field of selection? Is it intended that the examination of these vernacular text-books will be entrusted to any individual or Committee wholly ignorant, or without a competent knowledge, of the vernacular?

The Hon'ble MR. SLACKE replied :—

"The Government is willing to dispense with a translation in the case of the following books only :—

Lower Primary	...	Alphabet and Spelling Book. Arithmetic Book.
Upper Primary	...	Literature Book. Arithmetic Book.
Middle School	...	Literature Book. Arithmetic Book. Euclid 1st Book.

"With regard to the others a translation will be necessary, and Government does not think this will keep out any desirable candidates. It is not intended to entrust the examination of these books to a Committee, or an individual wholly ignorant or without competent knowledge of the vernacular."

CANAL IN FARIDPUR.

The Hon'ble MR. A. M. BOSE asked :—

V.—Will the Government be pleased to state what progress has already been made in the canal now being excavated from the Madhumati to the Kumar River in the district of Faridpur, and when it is likely to be finished? Will it be pleased to take early steps for the completion of the canal?

The Hon'ble MR. BUCKLEY replied :—

"The work in question can hardly be called a canal. It is a connection between two rivers which will only be navigable for about two to three months in the rainy season. The work which it is at present proposed to carry out will be completed before the coming rains. The scheme is capable of future development if the traffic which follows the route is sufficient to justify further expenditure."

WANT OF WATER IN FARIDPUR VILLAGES.

The Hon'ble MR. A. M. BOSE asked :—

VI.—Is the Government aware that in the greater part of the bil tract in Faridpur, specially in such villages as Woolpur, Karpara, Bathari, Narikelbari, &c., within the jurisdiction of thana Gopalgunge, there is very great

scarcity of drinking water during the hot months, from March till June, causing considerable suffering to the people, the available supply being virtually a kind of liquid mud? Will it be pleased to direct that proper measures may be taken to mitigate this suffering?

The Hon'ble MR. BAKER replied:—

"Government has no special information on the subject, but a report will be called for."

DRINKING WATER IN VILLAGES.

The Hon'ble MR. A. M. BOSE said:—

VII.—I have the honour to enquire if it would be practicable to have a statement prepared showing the progress that has been made, district by district, within the last three years in the making of arrangements by District Boards and otherwise for supplying drinking water to villagers; together with a description of the requirements of the people in different parts of each district? If so, will the Government be pleased to place this statement on the table?

The Hon'ble MR. BAKER replied:—

"A summary of the work done by District Boards in providing for the supply of drinking water is given in columns 1—7 of Form IV attached to the Annual Report on the working of District Boards in Bengal. Copies of the Reports for the last three years will be laid on the table."

THE PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU SURENDRANATH BANERJEE said:—

I.—I have the honour to invite the attention of the Government to the memorial presented by the Indian Association for the improvement of the position and prospects of the members of the Provincial Executive Service, and to enquire what measures, if any, have been taken with a view to secure this important object?

The Hon'ble MR. BUCKLAND replied:—

"The memorial has been carefully considered, and matured proposals have been submitted to the Government of India."

JUDICIAL BRANCH OF THE PROVINCIAL SERVICE.

The Hon'ble BABU SURENDRANATH BANERJEE asked:—

II.—(*a*) Has the attention of the Government been directed to the grievances of the members of the Judicial Branch of the Provincial Service as described in the columns of the *Statesman* and other newspapers? If so, will the Government be pleased to state what steps it has taken to remedy them?

(*b*) Is it the fact that there is a marked disparity in the matter of promotion between the members of the Executive Branch and those of the Judicial? And is it the case that (*i*) while generally speaking a Munsif when he is 38 or 39 years of age counts only five or six years of service, and is able to earn only a salary of Rs. 250 a month, a Deputy Magistrate of that age expects to get Rs. 500 a month with about sixteen years of service behind him; (*ii*) that while a Deputy Magistrate can reasonably expect to attain to the Rs. 400 grade after only ten years of service at the comparatively early age of 35, a Munsif hardly ever attains to that status till he is 48 years of age and has served fifteen or sixteen years? Is not this disparity due to the present mode of recruitment of the Munsifs at the age of 32 or 33 when the Deputy Magistrate is generally an officer of ten years' standing?

(*c*) Is it the case that under the present conditions of service a Munsif cannot and does not attain to the rank of a Subordinate Judge before his fifty-second year, and his period of service in that capacity is thus reduced to two to three years?

(*d*) Does the Government consider the present state of things at all conducive to the efficient administration of justice? If not, will the Government be pleased to take early steps with a view to remedy it? If it be deemed inexpedient to alter the mode of recruitment of the Judicial Branch, will the Government be pleased to consider favourably the suggestion to create a Rs. 500 grade in the rank of Munsifs or take such other steps as the Government may in its wisdom think fit to improve the status of the Service?

The Hon'ble MR. BUCKLAND replied:—

"A scheme for the improvement of the Judicial Branch of the Provincial Service has been submitted to the Government of India.

"The remainder of the Hon'ble Member's questions are very like those put on the 21st July, 1900, by the Hon'ble Babu Boikanta Nath Sen, and the same answer is now given, *viz.*:—'Most of the information asked for is already available in the Bengal Quarterly Civil List, an authoritative publication of Government: moreover, in contravention of Rule 9 of the Rules as to the asking of questions in this Council, the questions of the Hon'ble Member are of an argumentative character.'"

DETECTIVE POLICE.

The Hon'ble BABU SURENDRANATH BANERJEE said:—

III.—I have the honour to call attention to the following remarks passed by a Divisional Bench of the High Court consisting of Justices Ameer Ali and Pratt in a recent case of murder alleged to have been committed at Bogra:—

"We desire to express our regret that the other perpetrators of the cruel and outrageous crime have escaped punishment. It is pretty clear from the medical testimony and other circumstances that the crime could not possibly have been committed without the combination of a number of people. The fact that the other persons concerned in the crime have escaped their just punishment is, in our opinion, due to the Police. There seemed to have been no endeavour made to trace the movements of men who were accused, or to place them in such a position as would enable the officers to find out the connection of the different accused with each other. We know that the Police in this country, generally speaking, do not possess the detective faculty. So long as they can obtain a confession, and, if there are a number of accused, turn the person confessing into an approver, they seem satisfied with the result. It is not for this Court to teach the Police how to do their work. But we cannot help observing that in any other civilised country, without any resort to ill-treatment or oppression, effective steps would have been taken in the course of the investigation, or during the enquiry before the committing Magistrate, to bring home the crime to the other perpetrators."

Will the Government be pleased to consider the propriety of creating a Detective Department for each Division, manned by trained detectives, for enquiry into cases of crime which the ordinary Police are not able to cope with?

The Hon'ble MR. BUCKLAND replied:—

"Government have the subject under consideration."

EXTENDED EMPLOYMENT OF NATIVES IN THE CUSTOMS.

The Hon'ble BABU SURENDRANATH BANERJEE said:—

IV.—(*a*) I have the honour to call attention to the following remarks of the Government of Bengal on the letter of the Indian Association regarding the wider employment of natives of India in the higher offices in the minor Civil Services:—

"*Customs*.—These are conditions under which at present no ordinary native of Bengal would be able to discharge those duties (connected with the Preventive Service) without constant and undesirable friction, and that is the reason why natives have not in practice been appointed. No application from a native for appointment to the Preventive Service appears to have even been received."

(*b*) Is the Government aware that there is now a Bengali Christian, who is employed as a Preventive Officer at the Port of Chittagong, and that he is the senior Preventive Officer at that Port?

(*c*) Is it the case that a vacancy having recently occurred among Preventive Officers attached to the Customs Department in Calcutta, this Bengali officer applied for the post and was strongly recommended by the Collector of Customs at Chittagong, but that his application was rejected?

(*d*) Having regard to this case and the willingness of natives of Bengal to be employed in the Preventive Service, will the Government be pleased to consider the propriety of giving them a trial?

The Hon'ble MR. BAKER replied :—

"The passage quoted in the question had reference to the Port of Calcutta, and not to the minor ports, in which the Preventive establishments are comparatively small and unimportant, and the local conditions are different.

"Government has no information as to the facts stated in the second and third parts of the question.

"The rules already permit of the employment of natives of India in the Preventive Service; but the Lieutenant-Governor agrees in the view expressed by the Government of India that 'there are practical objections, from the point of view of the public interests and the wishes of natives themselves, to the appointment of a native, save under exceptional circumstances, to be a Preventive Officer.' "

MR. PENNELL'S CASE.

The Hon'ble BABU SURENDRANATH BANERJEE said :—

V.—(*a*) With reference to the suspension of Mr. Pennell, late District and Sessions Judge of Noakhali, will the Government be pleased to state whether it consulted the Law Officers of the Crown before suspending him?

(*b*) If it did not, then having regard to the strong differences of opinion expressed in the newspaper press as to the legality of the suspension, will the Government be pleased to consider the propriety of doing so now?

(*c*) Will the Government be pleased to state what further action it proposes to take with regard to Mr. Pennell, and whether he will be tried under Act XXXVII of 1850?

VI.—I have the honour to call attention to the following observations made by Mr. Pennell in his judgment in the murder case recently disposed of by him:—

"Mr. Corbett was nominally punished with the stoppage of his promotion for one year. No sooner were the Government orders issued than he was transferred from the undesirable station of Backergunge to Ranchi, which is well known as a sanitarium; and he has remained there ever since. Further, the last Civil List shows that he has been put back over the heads of all the Police officers of his year, with the exception of Mr. Justice Stevens' son, who were confirmed before him."

Will the Government be pleased to state if the statements made in the last sentence of the above extract are true? If so, how is it possible to reconcile them with the stoppage of Mr. Corbett's promotion?

VII.—I have the honour to call attention to the following extract from the judgment of Mr. Pennell in the murder case:—

"An expression of the Lieutenant-Governor's severe displeasure was conveyed to Mr. Bradley, whose conduct, in the opinion of the Governor General in Council, 'amounted to little short of persecution, and was a flagrant abuse of the authority with which as a Police officer he was entrusted.' Between the first and second of these verbal castigations, Mr. Bradley was appointed to officiate as District Superintendent of Police of Muzaffarpur, the prize district of Bengal, in succession to a very senior officer who is Mr. Bourdillon's brother-in-law: and there Mr. Bradley has remained up to date."

Are the statements made in the above extract substantially true? If so, how is it possible to reconcile a communication of the displeasure of the Government with Mr. Bradley being permitted to retain Police charge of what is described as "a prize district of Bengal"?

VIII.—Has the attention of Government been called to the following observations made by Mr. Pennell in his judgment in the murder case?—

"The Police Department is the most 'genteel' of the refuges for the destitutes in the Indian Empire, and that there is hardly a man in high place out here who has not got in that department some relative of whom perhaps he may not be very proud, but whom he has no wish to have on his hands"

The Hon'ble MR. BUCKLAND replied:—

"Government decline at present to answer any question regarding Mr. Pennell or his judgment."

RECRUITMENT FOR THE HIGHER POLICE APPOINTMENTS.

The Hon'ble BABU SURENDRANATH BANERJEE said:—

IX.—Will the Government be pleased to lay on the table a statement showing the names of Assistant and District Superintendents of Police who are related to high officials in the Covenanted or the Provincial Service, and the circumstances of their admission into it, whether by nomination or competition?

The Hon'ble MR. BUCKLAND replied:—

"The statement asked for cannot be given. The Police Service has been recruited in various methods since 1861. Since 1893 the Service has been recruited entirely by competition, partly in London and partly in India, with the occasional promotion of deserving Inspectors."

POLICE SUB-INSPECTOR OSMAN ALI OF NOAKHALI.

The Hon'ble BABU SURENDRANATH BANERJEE asked:—

X.—Is it the case that a Police officer, named Osman Ali, has, for 25 years, been stationed in the Noakhali district? Are there any rules regulating the transfer of Police Officers? If so, were these rules applied to Osman Ali? If not, why not?

The Hon'ble MR. BUCKLAND replied:—

"The Police Sub-Inspector referred to has served in the Noakhali district during his whole service of 26 years, except a period of three months and twelve days in the Backergunge district. There are rules in the Police Code regarding the transfer of police officers. Ordinarily an officer is not kept at a station for more than five years, except for special reasons. There is no limit to the time which a Sub-Inspector may serve continuously in a district. It has been ascertained that Osman Ali has been at no thana in the district for more than five years, and at the Sadar thana since 3rd March, 1899."

BENGAL FINANCIAL STATEMENT FOR 1901-1902.

The Hon'ble MR. BAKER laid on the table the Financial Statement for 1901-1902, with explanatory notes. He said:—

"I beg to lay on the table the Financial Statement for 1901-1902, together with the usual appendices and accounts.

"It may be convenient for Members if I endeavour to state briefly those features of the budget which are likely to be of general interest. The year which is just about to close has been one of more than usual prosperity in Bengal. In March, 1900, we estimated the probable revenue of the year at Rs. 4,69,74,000. It has exceeded this figure by Rs. 13,68,000. The cash balance with which the year opened also exceeded that on which we then

calculated by Rs. 3,12,000. The expenditure of the year has been practically just what we estimated it at, being better by the comparatively trifling sum of Rs. 26,000. The result has been that we find ourselves at the beginning of 1901-1902 with a cash balance of 42 lakhs of rupees, or 22 lakhs more than we are required by the rules to maintain. There is no advantage in hoarding this sum, and it has been decided to apply it in carrying out some of the many useful projects involving expenditure which have been suggested, elaborated, and only too often pigeonholed for want of funds. These are set forth in the body of the budget in their proper places, but I will enumerate some of the most important.

"In the first place, we propose to set apart a sum of Rs. 4,80,000 for improving the financial position of District Boards, by assigning them a sum approximately equal to 10 per cent. on the collections of Public Works Cess. It has long been felt that the resources of the Boards are not elastic enough to enable them to discharge their duties efficiently, especially in the very important matter of roads. And though it is not permitted to us, under the existing system of Provincial Finance, to permanently alienate any part of the Provincial Revenue, we shall do what we can, now that funds are available.

"We also propose to give further assistance to District Boards and Municipalities in two ways. Firstly, we take over, as a Provincial charge, the cost of maintaining the plague inspection camps at Chausa, Mairwa, and elsewhere, which have hitherto been paid for by local bodies. Secondly, we have increased the budget allotment for grants-in-aid of plague expenditure by local bodies by Rs. 2,15,000.

"Then, we have made a provision of Rs. 1,25,000 for a Provident Fund for and *guru* teachers in primary schools. This is a new proposal, the details of which are being worked out in the Education Department, and which will require the sanction of higher authorities before it is carried out. We hope in this way to effect a substantial improvement in the position of these indispensable servants of the public.

"Then, we provide Rs. 1,40,000 for expenditure on schemes for improving the position and prospects of the Provincial Civil Service in both the Judicial and Executive Branches. This matter, reference to which was made in to-day's proceedings, has formed the subject of a good deal of agitation in the Press; and though some of the statements put forward seem to me to be too highly coloured, yet we are satisfied that a case has been made out for a substantial measure of improvement. Here, again, I would remind those interested that any scheme will require the previous sanction of the Government of India and the Secretary of State, and it is not in our power to hold out any definite or specific promise, though we shall certainly do the best we can.

"Then, we increase the grant of the Public Works Department by Rs. 8,38,000, raising their total allotment to Rs. 45,88,000. The greater part of this increase is earmarked for particular works, including the acquisition of land for the extension of the High Court, the completion, approximately, of the General Hospital, and the completion of the works for the protection of Darjeeling against landslips. I should have liked to see a larger grant allotted to this Department if it had been possible.

"The remainder of our surplus we propose to expend on increased building grants for the Deaf and Dumb School, the Diocesan Girls' School and other institutions; on the establishment of an experimental dairy farm at Pusa; on the development of the Veterinary Department; on the provision of additional space required for Christian and Muhammadan cemeteries, and various other projects of minor importance.

"In allotting these funds, we have been careful not to commit ourselves to too large a proportion of recurring charges, *i.e.*, to expenditure which is not incurred once for all, but has to be repeated and provided for in following years.

"These, I think, are all the features of interest to which I need allude on the present occasion. The Financial Statement will in the ordinary course be discussed at the next Meeting of Council on April 12th, and I hope that any Member who desires to bring forward any point in the course of that discussion, will as usual give us notice three or four days before hand."

EXPLANATORY NOTES ON THE BENGAL FINANCIAL STATEMENT FOR 1901-1902.

PART I.—General Review.

ACCOUNTS OF 1899-1900.

In the revised estimates for 1899-1900, as shown in last year's Financial statement, the opening balance was taken at Rs. 31,16,000, the receipts of the year at Rs. 4,71,07,000, the expenditure at Rs. 4,67,17,000, and the closing balance at Rs. 35,06,000. The actual accounts have turned out rather more favourable. The receipts improved by Rs. 3,26,347, chiefly under Land Revenue, Stamps (Non-judicial), Provincial Rates, and Irrigation. The expenditure was greater by Rs. 14,448, and the opening balance was also slightly better than had been estimated. The year closed with a balance of Rs. 38,18,388.

REVISED ESTIMATE FOR 1900-1901.

2. The budget estimate for 1900-1901, as passed by the Government of India, assumed that the year would open with a credit balance of Rs. 35,06,000, that the total revenue would amount to Rs. 4,69,74,000, and the total expenditure to Rs. 4,79,82,000, so that the year would close with a balance of Rs. 24,98,000. The latest estimate available for the accounts of the year shows that the total receipts will probably be Rs. 4,83,42,000, which is better than was originally expected by Rs. 13,68,000, and that the expenditure will be Rs. 4,79,56,000, being a decrease of Rs. 26,000: the result is a net improvement of Rs. 13,94,000; and as there is an increase of Rs. 3,12,000 in the expected amount of the opening balance, the total improvement on the original estimate is Rs. 17,06,000.

3. Of the improvement on the receipt side Rs. 2,25,000 is under Stamps, chiefly from non-judicial stamps; Rs. 3,50,000 under Excise, owing to better settlements and increased sales of opium and ganja, due partly to the improved condition of the people and partly to a fall in the retail price of the latter drug; Rs. 3,27,000, under Jails, due to special supplies to the Military Department for the troops sent to the South African War and the China Expedition, and also to better prices obtained from sale of mustard oil which is one of the chief industries of the Jails; and Rs. 1,48,000 under Marine due to increased pilotage receipts in Calcutta. There are also small increases under Land Revenue (Rs. 89,000); Provincial Rates (Rs. 47,000) due to better collection of arrears; Customs (Rs. 50,000); Forests (Rs. 76,000) due specially to increased sale of sleepers in the Tista and Buxa Divisions; and Scientific and other Minor Departments (Rs. 62,000) on account of larger supplies of cinchona and quinine to the Medical Depôts and the public. Against these increases there are decreases of Rs. 43,000 under Assessed Taxes, Rs. 20,000 under Law and Justice—Courts of Law, due to smaller receipts from Pleadership Examination fees, and Rs. 28,000 under Civil Works, ferry receipts.

4. The net decrease of expenditure is Rs. 26,000, which is made up of an increase of Rs. 12,91,000 under certain heads and a decrease of Rs. 13,17,000 under others. There were special increases of Rs. 4,11,000 under Jails, due chiefly to larger outlay on raw materials to meet the requirements of the Military Department, and to increase in the price of mustard seed; of Rs. 3,50,000 under Civil Works, owing to heavy repairs to the damages done to the roads, &c., in Darjeeling by landslips; and of Rs. 4,09,000 under Contributions from Provincial to Local, owing to larger allotments to Local

Funds for the construction and maintenance of Provincial works and larger grants for plague charges. Against these increases there are decreases of Rs. 69,000 under Land Revenue; of Rs 92,000 under Provincial Rates, owing to the adjustment of the recoveries on account of the cost of collection of arrear cesses, and arrear contribution for pension of the cess-collecting establishment; of Rs. 1,50,000 under Police in District Executive Force, and Railway Police; of Rs. 1,80,000 under Education on account of savings under salaries, furniture and apparatus, and boarding charges, and in the grant for training of teachers; of Rs. 1,56,000 under Medical, owing to savings in salaries in consequence of many officers being recalled for military duty and to smaller expenditure on account of bedding and medical stores in the General and Campbell Hospitals; of Rs. 1,80,000 under Famine Relief, owing to the full provision not having been required; and of Rs. 72,000 under Irrigation—Major Works, and Rs. 1,69,000 under Minor Works and Navigation, owing to transfer of about two lakhs to the Civil Buildings Branch to meet the cost of repairs to damages done by the landslip in Darjeeling.

BUDGET ESTIMATE, 1901-1902.

5. The budget estimate for 1901-1902, as passed by the Government of India, adopts Rs. 42,04,000 as the opening balance, and provides for receipts aggregating Rs. 4,81,98,000, and charges Rs. 5,04,02,000, leaving a closing balance of Rs. 20,00,000, which is the minimum prescribed by the Secretary of State. Compared with the budget estimate for 1900-1901, the total receipts for 1901-1902 show an increase of Rs. 12,24,000, while, as compared with the revised estimate, there is a falling off of Rs. 1,44,000. This reduction is due to smaller receipts (Rs. 2,22,000) expected from smaller supplies of jail manufactures to the Military Department, and smaller pilotage receipts (Rs. 60,000) under Marine; while Scientific and other Minor Departments and Irrigation, Major-works are estimated to bring in revenue smaller by Rs. 43,000 and Rs. 32,000, respectively. On the other hand, increases are expected under Land Revenue from settlements, and under Provincial Rates from re-valuations. On the expenditure side the total grant is Rs. 5,04,02,000 against Rs. 4,79,82,000, the budget estimate for 1900-1901, and Rs. 4,79,56,000, the revised estimate for the year. The increase over the budget for the current year is Rs. 24,20,000, of which Rs. 21,30,000 is for the following special provisions:—

	Rs.
Improvement of the Executive and Judicial Branches of the Provincial Service	1,40,000
Contributions to Provident Funds for gurus and teachers in primary schools	1,25,000
Building grants for Deaf and Dumb and other schools ...	1,00,000
Dairy farm at Pusa	46,000
Plague Inspection Camps	65,000
Increased provision for plague expenditure and grants-in-aid ...	2,15,000
Special grants to District Boards	4,80,000
Increased grant for Civil Works by Public Works Department	8,38,000
Ditto ditto by Civil Department for Burial grounds, Christian and Muhammadan	1,21,000
Total ...	21,30,000

There is also an increase of Rs. 2,46,000 under Land Revenue chiefly for Surveys and Settlements and for larger outlay on improvements of Government estates; of Rs. 58,000 under Stamps for the higher rate of discount allowed on the sale of non-judicial stamps; of Rs. 1,53,000 under Law and Justice (Courts) for increase in the pay of District Judges, and in process-serving and other establishments and on account of smaller deductions for probable savings; of Rs. 1,17,000 under Jails, partly on account of increased grant for rations and hospital charges owing to the increase in Jail population, and partly for larger outlay on raw materials for manufactures; of Rs. 91,000 under Police for the re-organization of the Calcutta Police recently sanctioned, for the annual increased grant of Rs. 28,000 for the gradual substitution of sub-inspectors

for head-constables for investigating work and for increased grants under Village Police for dafadar chaukidars in the Orissa Division in consequence of the resumption of chakran lands; and of Rs. 62,000 under Superannuations for progressive increase under Pensions and Gratuities. Against these increases there are decreases of Rs. 1,38,000 under Irrigation and of Rs 4,40,000 under Famine Relief, no expenditure being anticipated under the latter head.

PART II.—Detailed Remarks on the Budget for 1901-1902.

RECEIPTS.

6. *Land Revenue.*—The total collections under this head in 1899-1900 were Rs. 4,12,01,234, and the estimate for 1901-1902, including Rs. 3,50,000 for recoveries on account of the Bihar survey charges, as passed by the Government of India, is Rs. 4,12,86,000.

7. The adjustments between Imperial and Provincial will probably result in a net transfer of Rs. 18,23,000 to Imperial in 1901-1902, as shown below:—

	Rs.
Fixed contribution to Imperial Revenues under the terms of the Provincial Contract	14,19,000
Add payable to Imperial Revenues—	
Contribution to Assam Administration for transfer of the South Lushai Hills	3,75,000
Compensation for duty on Shahjehanpur rum issued to Bengal from the North-Western Provinces under bond	2,000
For transfer of Provincial Museum	19,000
For transfer of Statistical Department of the Bengal Secretariat to the office of the Director-General of Statistics	15,000
Compensation to the Assam Administration on account of the realisation in Bengal of income-tax from the Assam-Bengal Railway	13,000
Compensation to the Central Provinces Administration on account of the realisation in Bengal of Income-Tax from the Bengal-Nagpur Railway	16,000
Total ...	18,59,000
Deduct to be recovered from Imperial—	
Special assignment for the resumed chaukidari lands in Orissa	36,000
Net sum to be transferred to Imperial Funds ...	18,23,000

8. The estimated Provincial share of Land Revenue is arrived at as follows:—

	Revised Estimate, 1900-1901.	Estimate, 1901-1902.
	Rs.	Rs.
Gross Land Revenue	4,12,00,000	4,12,86,000
Deduct 12 per cent. on estimated collections from Government estates (Provincial) ...	6,58,000	6,60,000
Deduct on account of recoveries of Bihar Survey and Settlement charges (Imperial)	5,44,000	3,50,000
Total deduction ...	12,02,000	10,10,000
Net amount divisible between Imperial and Provincial	3,99,98,000	4,02,76,000
Provincial share of above	99,99,000	1,00,69,000
Add 12 per cent. on collections from Government estates	6,58,000	6,60,000
Total Provincial ...	1,06,57,000	1,07,29,000
Deduct on account of adjustments ...	18,00,000	18,23,000
Total Provincial share	88,57,000	89,06,000

9. *Stamps.*—The budget estimate of the total revenue from Stamps for 1900-1901 was passed by the Government of India for Rs. 1,82,00,000. The actuals in 1899-1900 amounted to Rs. 1,82,78,888, and the returns from the Comptroller-General show that the receipts during the first ten months of 1900-1901 exceeded those of the corresponding period of the preceding year by Rs. 1,35,000. In view of these figures, both the revised estimate for 1900-1901 and the estimate for 1901-1902 have been placed at Rs. 1,85,00,000. The Provincial share is three-fourths of this sum, and amounts to Rs. 1,38,75,000.

10. *Excise.*—The revenue from Excise for 1900-1901 was estimated at Rs. 1,40,00,000. The actuals of 1899-1900 amounted to Rs. 1,39,65,275, and the figures of the first 10 months of 1900-1901 show an increase of Rs. 6,16,000 over the actuals of the corresponding period of the preceding year. Both the revised estimate for 1900-1901 and the estimate for 1901-1902 have been passed for Rs. 1,47,00,000. The Provincial share, one-half, is Rs. 73,50,000.

11. *Provincial Rates.*—The actual collections of the Public Works Cess in 1899-1900 amounted to Rs. 46,58,921, and the receipts of the first nine months of the current year show an increase of Rs. 40,000 over those of the corresponding period of last year. The revised estimate for the current year has accordingly been placed at Rs. 47,00,000, and the estimate for next year has been taken at Rs. 48,40,000. The estimate of receipts under "General rates for the management of private estates" is Rs. 1,48,000.

12. *Customs.*—The original estimate of Provincial receipts for 1900-1901 was Rs. 2,20,000. The actual receipts in 1899-1900 amounted to Rs. 2,35,532, and those in the first nine months of 1900-1901 show an increase of Rs 43,280 over those of the corresponding period of the previous year. In view of these figures, both the revised estimate for 1900-1901 and the estimate for 1901-1902 have been placed at Rs. 2,70,000. The increase is under overtime fees.

13. *Assessed Taxes.*—The budget estimate of receipts from Income-tax for 1900-1901 was passed by the Government of India for Rs. 52,86,000. The actual collections of last year amounted to Rs. 52,16,588, and those of the 12 months ending 31st January were Rs. 51,85,000. Both the revised estimate for 1896-97 and the estimate for 1897-98 have been placed at Rs. 52,00,000. The Provincial share of one-half is Rs. 26,00,000.

14. *Forest.*—The receipts of the Forest Department are now estimated at Rs. 12,00,000 for 1900-1901 and Rs. 11,75,000 for 1901-1902 against Rs. 11,38,912, the actuals of 1899-1900. The receipts have been entered at Rs. 36,000 above the actuals of 1899-1900, as additional revenue is expected from the reserve forests proposed to be constituted in the Chittagong Division. This includes Rs. 62,000 from the sale of sál sleepers extracted by departmental agency, Rs. 4,85,000 from sales of other timber, Rs. 2,92,000 from firewood and charcoal, Rs. 70,000 from bamboos and Rs. 2,22,000 from other minor produce (including Rs. 29,000 from mica in the Hazaribagh Division, Rs. 42,000 from *sabai* grass in the Singhbhum Division, and Rs. 9,000 from wax and honey in the Sundarbans Division).

15. *Interest.*—The receipts under this head have been entered at Rs. 3,67,000 for 1901-1902, thus—

	Rs.
Interest on advances to cultivators	36,000
Do. on drainage and embankment advances	77,000
Do. on loans to notabilities	6,000
Do. on loans to municipalities and other local authorities ...	1,82,000
Do. on Government securities	14,000
Miscellaneous	52,000
Total ...	3,67,000

16. *Law and Justice.—Courts of Law.*—The receipts from Magisterial fines declined up to 1897-98. In 1898-99 they showed a small increase, but in 1899-1900 they declined again. In the current year they showed a small increase which may not continue in 1901-1902. The estimate has been placed at Rs. 8,01,000 against Rs. 8,10,000, the revised estimate for the current year.

17. *Law and Justice.—Jails.*—The estimate under this head is Rs. 11,28,000 against Rs. 13,50,000, the revised estimate for 1900-1901, and Rs. 11,59,773,

the actuals of 1899-1900. The increase in 1899-1900 and 1900-1901 was due to special supplies to the Military Department for the troops sent to the South African War and the China Expedition.

18. *Marine.*—The budget estimate of total receipts for 1900-1901 was Rs. 11,32,000. This has been raised to Rs. 12,80,000 in the revised estimate, with reference to the actuals of the first 10 months of the current year, which amounted to Rs. 10,46,254, owing to the unusually high receipts under Calcutta Pilotage. The pilotage receipts are of a fluctuating character, depending on tonnage of vessels arriving and departing from the Port, and the estimate for 1901-1902 has been placed at Rs. 12,20,000.

19. *Education.*—The estimate under this head amounts to Rs. 7,35,000 against Rs. 7,00,000, the estimate for 1900-1901. The increase is due to the inclusion of receipts from the Reformatory Schools which have been transferred to this head from Jails.

20. *Medical.*—The estimate under this head is Rs. 2,10,000 against Rs. 2,20,000, the revised estimate for 1900-1901, and Rs. 2,35,672, the actuals of 1899-1900. Last year, the two years' contribution of the Calcutta Municipality for the maintenance of the Campbell Hospital was credited, and hence the total receipts were high. There were larger receipts in Lunatic Asylums in 1900-1901.

21. *Scientific and other Minor Departments.*—The estimate for 1901-1902 amounts to Rs. 2,23,000 against Rs. 2,66,000, the revised estimate for 1900-1901, and Rs. 2,05,849, the actuals of 1899-1900. The increase compared with the actuals of 1899-1900 is due to an anticipated increase in the receipts from the sale of cinchona and its preparations.

22. *Superannuation receipts.*—The estimate of Provincial receipts for 1901-1902 amounts to Rs. 65,000 against Rs. 56,000, the revised estimates for 1900-1901. The estimate for next year includes a special receipt of Rs. 10,000 for contributions of Medical officers lent to Municipalities, District Boards and Local bodies.

23. *Miscellaneous.*—The receipts under this head fluctuate largely from year to year. The estimate for 1901-1902 based on past actuals has been placed at Rs. 7,18,000 against Rs. 7,04,000, the budget estimate for 1900-1901, and Rs. 7,35,830, the actuals of 1899-1900.

24. *Irrigation—Major Works (Direct receipts).*—The budget estimate for 1900-1901 was Rs. 17,18,000, and the revised estimate is taken at Rs. 17,50,000. The increase is in the Sone Canals. The estimate for 1901-1902 has been placed at Rs. 17,18,000, as the collections under this head are uncertain and depend on rainfall.

25. *Irrigation—Minor Works and Navigation.*—The estimate of receipts under Public Works Department for 1901-1902 is Rs. 6,58,000. The budget and revised estimates for 1900-1901 are Rs. 6,39,000 and Rs. 6,44,000, respectively. The increase is under Navigation receipts of the Calcutta and Eastern Canals.

26. *Civil Works.*—The estimate of receipts in charge of the Public Works Department is Rs. 1,88,000 against Rs. 1,73,000, the budget estimate, and Rs. 2,00,000, the revised estimate for 1900-1901. The actuals in 1899-1900 were Rs. 2,26,694 and included the Government share of profits of the Darjeeling-Himalayan Railway which are payable after the close of the year: and the receipts of 1900-1901 and 1901-1902 are adversely affected by the landslips of 1899 and 1900.

EXPENDITURE.

27. *Refunds and Drawbacks.*—The total Provincial expenditure in 1901-1902 is estimated at Rs. 1,84,000 against Rs. 1,83,000, the budget estimate for 1900-1901, and Rs. 1,78,221, the actuals of 1899-1900. The actuals for 1899-1900 included a special payment made in March, 1900, on account of capitalised value of the Government revenue for the land taken up for the Hajipur-Katihar extension of the Bengal, North-Western and Tirhut State Railways in the district of Bhagalpur. Larger provision has been made under Land Revenue to provide for any special payments such as those made in the last three years; and under Stamps, Excise and Customs owing to the anticipated increase in revenue.

28. *Assignments and Compensations.*—The actual charges in 1899-1900 amounted to Rs. 1,51,877, and in the revised estimate for 1900 1901 the budget estimate of Rs. 2,00,000 has been reduced to Rs. 1,55,000, as the full amount of claims budgetted for has not been paid during the year. The estimate for 1901-1902 has been framed for Rs. 1,75,000 which provides for the payment of arrears.

29. *Land Revenue.*—The total Provincial expenditure for 1900-1901 was originally estimated at Rs. 40,06,000, but in the revised estimate this has been reduced to Rs. 39,37,000, owing to large savings under charges of District Administration, in consequence of the absence of officers on deputation and long leave out of India. The estimate for 1900-1901 is Rs. 43,02,000, as shown below:—

	Actuals, 1899-1900.	Budget, 1900-1901.	Revised estimate, 1900-1901.	Budget, 1901-1902.
	Rs.	Rs.	Rs.	Rs.
(1) Charges of district administration	31,00,660	31,68,000	30,26,000	32,51,000
(2) Management of Government estates	5,07,694	5,00,000	5,30,000	5,67,000
(3) Survey and settlement ...	2,58,816	2,45,000	2,93,000	3,94,000
(4) Land Records and Agriculture	84,654	93,000	88,000	90,000
Total ...	39,81,824	40,06,000	39,37,000	43,02,000

The increase under (1) is for revision of tauzi establishments in several districts, and for increase of establishment in others, but is chiefly due to the provision of Rs. 50,000, being one-half of the grant of one lakh set apart for improving the emoluments of the Executive Branch of the Provincial Service. Small additions have also been made under subdivisional establishment, partition establishment, process-serving establishment and survey of waste lands establishment in accordance with the requirements of the local officers. The increase under (2) is proportionate to increased collections expected and for larger grants for improvements.

30. *Stamps.*—The estimate of expenditure for 1901-1902 amounts to Rs. 7,54,000 against Rs. 6,77,000, the budget estimate for the current year, and Rs. 6,47,499, the actuals of 1899-1900. The increase is chiefly under charges for the sale of general stamps owing to the higher rate of discount allowed on sale of non-judicial stamps from 1st April, 1900, and also under "Stamp paper supplied from Central Stores," the estimate under this head being Rs. 3,37,000 against Rs. 3,02,322, the actuals of 1899-1900. The Provincial share is three fourths and amounts to Rs. 5,66,000.

31. *Excise.*—The total expenditure for 1901-1902 is estimated at Rs. 7,44,000 against Rs. 7,01,000, the budget grant for 1900-1901. The budget provides Rs. 50,000 for improving and strengthening the district Preventive establishments.

32. *Provincial Rates.*—The total provision for 1901-1902 is Rs. 1,43,000 against Rs 1,52,000, the budget estimate for the current year, and Rs. 60,000, the revised estimate for the year. The savings in 1900-1901 are partly due to smaller expenditure on valuation and re-valuation establishment, and partly to no allowance having been made in the estimate for recoveries on account of the cost of collection of arrear cesses and refunds of Road Cess which are adjusted in the accounts by reduction of charges under this head. The estimate for next year includes larger grants for valuation and re-valuation work in several districts.

33. *Customs.*—The estimate of expenditure for 1901-1902 amounts to Rs. 9,78,000 against Rs. 9,32,000, the budget estimate for 1900-1901. The increase is chiefly due to provision being made for larger overtime allowances both for Calcutta and Chittagong.

34. *Forests.*—The budget grant for 1901-1902 is Rs 6,90,000 against Rs. 5,89,000, the estimate for 1900-1901, and Rs. 5,80,000, the revised estimate for the year. The estimate includes Rs. 71,000 for departmental operations for the supply of timber, fuel and bamboos, Rs. 19,000 for completing the construction of a new steamer sanctioned for use in the Sunderbans Division, Rs. 74,000 under Communications and Buildings, Rs. 28,500 for

continuance of the survey of the forests in the Singhbhum Division, Rs. 9,500 on sowing and planting, and Rs. 15,000 for fire protection.

35. *General Administration.*—The estimate under this head amounts to Rs. 17,11,000 against Rs. 17,17,000, the revised estimate for 1900-1901. The increase in the revised estimate for 1900-1901 is due to the Chief Commissioner of Assam having drawn his pay for three months in Calcutta. The budget for next year includes a lump grant of Rs. 18,000 to be placed at the disposal of the Board of Revenue for keeping the Collectorate records in good order while a reduction of Rs. 15,000 has been made under Civil Secretariat for the transfer of the Statistical Department to the office to the Director-General of Statistics.

36. *Law and Justice—Courts of Law.*—The estimate under this head for 1900-1901 was Rs. 91,70,000, but in the revised estimate it has been reduced to Rs. 91,20,000, since savings are expected under High Court owing to no arrangement having been made during the absence on furlough of one of the Judges, and also under Process-serving Establishments of District Judges. The estimate for 1901-1902 has been passed for Rs. 94,13,000, and includes provision for the salaries of the full sanctioned number of High Court Judges, larger grant for copying establishment in the High Court for making copies for parties, for increase in the pay of the Superintendent and Remembrancer of Legal Affairs, and for increase in the pay of District Judges. A special provision of Rs. 90,000 has also been made for improvement of the Subordinate Judicial Service and the Executive branch of the Provincial Service.

37. *Jails.*—The estimate for 1901-1902 amounts to Rs. 24,86,000 against Rs. 23,69,000, the budget estimate for 1900-1901, and Rs. 24,53,759, the actuals of 1899-1900. The increase is due to larger grants for rations and hospital charges in consequence of the increase in the jail population and to the high price of food-grains. There is also an increased provision of Rs. 52,000 for Jail manufactures.

38. *Police.*—The following table compares the estimates of expenditure under this head:—

	Actuals, 1899-1900.	Estimate, 1900-1901.	Revised estimate, 1900-1901.	Estimate, 1901-1902.
	Rs.	Rs.	Rs.	Rs.
Presidency Police ...	7,94,871	8,26,000	8,30,000	8,51,000
Municipal Police ...	52,096	50,000	50,000	49,000
Superintendence ...	1,54,752	1,58,000	1,48,000	1,52,500
District Executive Force ...	47,07,717	48,48,500	47,22,000	49,11,200
Village Police ...	15,884	46,000	37,000	50,000
Special Police ...	1,40,257	1,46,700	1,50,000	1 52 500
Railway Police ...	1,31,043	1,54,500	1,38,000	1,55,900
Cattle-pounds ...	2,692	3,300	1,000	1,600
Refunds ...	739	1,000	8,000	1,300
Total ...	60,00,051	62,34,000	60,84,000	63,25,000

The actuals of the first eight months of 1900-1901 indicate that there will be savings under District Executive Force which was rather overestimated in the budget, and under Village Police owing to the Chaukidari Act not having been introduced in the district of Puri. The estimate for 1901-1902 is Rs. 63,25,000. Under Presidency Police provision has been made for the full sanctioned strength and for increased provision for feed and keep of horses and for rents, rates and taxes. Under District Executive Force provision has been made for the substitution of sub-inspectors for head constables as investigating officers in accordance with the recommendation of the Police Commission, for four probationers in excess of the present scale, and for cooks for Police Hospitals in 35 districts. Under Village Police provision has been made for dafadar chaukidars in consequence of the resumption of chakran lands.

39. *Marine.*—The estimate for 1901-1902 is Rs. 10,11,000 against Rs. 9,61,000, the sanctioned estimate for 1900-1901, and Rs. 9,42,524, the actuals of 1899-1900. The increase is under (*a*) repairs of vessels, as heavy repairs are expected to be carried out; under (*b*) pilotage and pilot establishment owing to larger payments to free list pilots, the expenditure under which head varies according to the number and tonnage of vessels visiting the

ports; under (*c*) overtime allowances of the Assistant Shipping Master; and under (*d*) subsidies to steamer companies for a new service between Chittagong and Cox's Bazar.

40. *Education.*—The grant for expenditure under the direct control of the Education Department was Rs. 29,80,000 in the budget estimate for 1900-1901. This has been reduced to Rs. 28,00,000 in the revised estimate, partly in consequence of the absence of several officers on furlough and appointment of men on lower pay, partly owing to smaller boarding charges in the Civil Engineering College, and partly on account of the grant of Rs. 16,000 for the training college for teachers in connection with the Kurseong School not having been fully utilised. The estimate for 1901-1902 provides for a total expenditure of Rs. 32,04,000, which includes Rs. 72,000 for Reformatory Schools transferred from the Jail Department, Rs. 16,000 for the Kurseong Training College for teachers, and the following additional charges:—

(1) Appointment of two additional Foremen Instructors, one additional Professor, and additional Instructive staff for the Civil Engineering College ...	16,000
(2) Establishment, &c., for B and C classes (Industrial and Commercial) in certain high schools in connection with the bifucation of studies ...	14,000
(3) Purchase of models, &c., for the introduction of Model Freehand Drawing in the Entrance Examination	2,000
(4) Improvement of the present system of training of teachers	8,000
(5) Contribution towards the cost of the construction of a new building for the Deaf and Dumb School at Calcutta, for the Diocesan Girls' School at Darjeeling, and other building grants ...	1,00,000
(6) Contribution to Provident Fund for teachers of primary schools	1,25,000
Total ...	2,65,000

41. *Medical.*—The original budget grant for 1900-1901 was Rs. 22,26,000, but in the revised estimate this has been reduced to Rs. 20,70,000. The decrease is due to changes of officers and to the recall of many officers to military duty. The grants to Municipalities and District Boards in 1900-1901 for plague measures amounted to—

	Rs.	Rs.
Patna Municipality	15,000	
Bihar „	20,000	
Dinapore „	4,000	
Gaya „	5,000	
Chapra „	5,000

		60,000
Patna District Board	70,000	
Gaya „	10,000	
Monghyr „	4,000	
		84,000

Of these, the grants to Municipalities aggregating Rs. 60,000 will be adjusted under this head, while those to District Boards, under Contributions. The grant for 1901-1902 amounts to Rs. 24,85,000, and includes Rs. 5,65,000 for plague measures, *i.e.*, Rs. 65,000 for Inspection Camps, Rs. 1,00,000 for inspection charges at maritime ports, Pilgrim Camps, and other direct expenditure by Government, and Rs. 4,00,000 for grants to Municipalities and District Boards in aid of the cost of local preventive measures. Provision has been made for increase in the pay of the Chemical Examiner and increased grant for diet and clothing of patients in the General Hospital and Leper Asylum.

42. *Scientific and other Minor Departments.*—The estimate for 1901-1902 is Rs. 5,22,000, against Rs. 4,71,000, the budget grant for 1900-1901, and Rs. 4,44,375, the actuals of 1899 1900. The increase is mainly due to a provision of Rs. 46,000 having been made for the establishment of a dairy farm at Pusa. The estimate also includes a grant of Rs. 7,500 to the Indigo Association and larger grants for supplies and services, and purchase of models and specimens, &c, for the Veterinary Institution and the appointment of two Veterinary Inspectors, while on the other hand the charges for the maintenance of the Economic and Art Section of the Provincial Museum have been omitted in consequence of its transfer to the control of the Government of India.

43. *Superannuation.*—The charges under this head show a progressive increase year by year owing to the increase in the claims to pensions. The estimate for 1901-1902 is Rs. 23,62,000, against Rs. 22,86,000, the revised estimate for 1900-1901, and Rs. 22,13,172, the actuals of 1899-1900.

44. *Famine Relief.*—A provision of Rs. 4,40,000 was made in the budget for 1900-1901 for expenditure on famine relief works and gratuitous relief, in the Chota Nagpur and Orissa Divisions. The actual expenditure adjusted in the first ten months of the current year, however, shows that the expenditure in the Civil Department during the year will be Rs. 2,58,000, and in the Public Works Department, Rs. 2,000. The total revised estimate in the current year has accordingly been placed at Rs. 2,60,000. No outlay is anticipated for next year.

45. *Irrigation—Minor Works in charge of the Public Works Department.*—The estimate for 1901-1902 is Rs. 14,00,000 against Rs. 15,03,000, the budget grant for 1900-1901, and Rs. 11,68,956, the actuals of 1899-1900. A provision of Rs. 75,600 has been made for the bhil route between the Kumar and Madhumati rivers, and Rs. 62,200 and Rs. 31,100 for Capital expenditure in Orissa and Sone Canals, respectively. The grant for Agricultural and Drainage works has been placed at Rs. 7,21,600 against Rs. 6,46,865, the actuals of 1899-1900.

46. *Civil Works in charge of the Public Works Department.*—The Provincial expenditure for 1901-1902 is Rs. 45,88,000, which is distributed thus:—

	Rs.
Original Works	22,44,000
Repairs	15,60,000
Establishment	7,60,570
Tools and Plant	23,430
Total ...	45,88,000

The allotment includes the following grants:—

	Rs.

Total ...	14,86,700

47. *Civil Works in charge of the Civil Department.*—The grant for 1901-1902 is Rs. 2,76,000 against Rs. 1,16,000, the revised estimate for the current year. Provision has been made for re-grants of Rs. 30,000 and Rs. 5,000 to the Patna and Muzaffarpur Municipalities, respectively, for the construction of hospitals, which have not been drawn during the current year; of Rs. 5,000 to the Nadia Municipality for repairs to embankments, and of Rs. 1,21,000 for acquisition of lands for extensions of Christian and Muhammadan burial-grounds.

48. *Contributions from Provincial to Local.*—The original estimate for the current year, amounting to Rs. 9,91,000, has been raised to Rs. 14,00,000 in the revised estimate, in order to provide (1) for grants to the newly created District Boards in Chota Nagpur Division, (2) for special grants to meet plague preventive measures, as stated in paragraph 41 above, and for larger grants to the District Boards for the construction and maintenance of Provincial Public Works. The estimate for 1901-1902 is Rs. 15,00,000, and includes a provision of Rs. 4,80,000 for improving the financial position of District Boards.

RESOLUTION.

READ—

Letter No. 4458, dated the 19th March 1901, from the Vice-Chairman of the Commissioners of the Port of Calcutta, submitting the Budget Estimate of the Howrah Bridge for the year 1901-1902.

Receipts.—The total receipts for the year 1901-1902 have been estimated at Rs. 1,74,470 against Rs. 1,68,050 of the previous year. There is an increase of Rs. 6,420 in this estimate based on actuals.

2. *Expenditure.*—The expenditure for the year 1901-1902 has been estimated at Rs. 1,73,369 against Rs. 1,84,006 of the previous year, showing a net decrease of Rs. 10,637, though there are small increases under some of the heads amounting in all to Rs. 4,073. The principal items of decrease are under the heads "Proportion of salaries of Control Establishment," "Proportion of Municipal Taxes and Repairs to Dockyard" and "Repairs." The largest item of increase is under the head "Ferry Steamer," under which an increased expenditure of Rs. 3,753 has been provided. This is due to a provision of Rs. 30,000 having been made for the purpose of hiring a steamer of sufficient capacity in place of the ferry steamer *Buckland*, which is now found to be inadequate to meet the present requirements of the ferry service, and which the Commissioners propose accordingly to dispense with. The Howrah Bridge Fund opened on the 1st April 1901 with a credit balance of Rs. 9,266, and is expected to close on the 31st March 1902 with a balance of Rs. 10,367.

3. The Lieutenant-Governor sanctions the estimate under section 21 of Act IX (B.C.) of 1871.

By order of the Lieutenant-Governor of Bengal,

R. B. BUCKLEY,

Secretary to the Government of Bengal.

RESOLUTION ON THE ANNUAL REPORTS ON THE SURVEY AND SETTLEMENT OPERATIONS IN BENGAL DURING THE YEAR ENDING 30TH SEPTEMBER 1900.

REVENUE DEPARTMENT.—LAND REVENUE.

Calcutta, the 11th April 1901.

RESOLUTION—No. 1814L.R.

READ—

Letter No. 212A., dated the 28th February 1901, submitting the Survey and Settlement Reports for the year ending 30th September 1900.

The Annual Survey and Settlement Reports, which were due to Government on the 15th of January, were received from the Board on the 7th March. This delay was caused by the illness of the Superintendent of Surveys. The Lieutenant-Governor agrees with the remarks which the Board have made regarding the good work done by the tours and inspections of the officers in charge. He is glad to learn that the Survey and Settlement Departments have worked in harmony during the past year, and that the rules framed as to the relations between the Survey Department and the kanungos of the Settlement Department have effectually removed the friction of last year.

2. His Honour notices that the survey programme was not carried out in its entirety, but the explanations given for this are not very clear. The upland area of North Monghyr turned out to be considerably less than was originally estimated. The programme was still further affected, more as regards *khanapuri* than cadastral survey, by the order for the curtailment of operations in Darbhanga. The Orissa and Chittagong Settlements have been brought to a successful end, but in Chittagong the recovery of survey costs has still to be completed. The programme of the year's work in the Noakhali Government Estates has been completed with the exception of one estate, Chakla Bamni. In Backergunge no fresh work was taken up in view of the pending settlement of the whole district. In Saran the programme was, despite various difficulties, successfully carried out. The Lieutenant-Governor regrets that wrongly-framed budget estimates should have caused the curtailment of the programme in Darbhanga. In the case of the settlement of private estates in the Sonthal Parganas, the programme was a heavy one, and though excellent progress was made, it was found impossible to complete it. The inference is that the programme must have been excessive. The expenditure incurred on survey has been high as compared with previous years, one of the chief causes being the curtailment of the programme in the Darbhanga district, a result which was foreseen when the orders for curtailment were passed. The chief cause, however, is to be found in the payment of charges, rightly debitable to the previous year, having been paid in this, regarding which the Lieutenant-Governor entirely agrees with the stricture passed by the Board, for the system is financially and administratively wrong. The Lieutenant-Governor notices with pleasure the good work done by the kanungos in the disposal of *khanapuri* disputes.

3. He has read with interest the report of the Settlement Officer of Bihar with regard to the effect of the Bengal Tenancy Amendment Act in facilitating the preparation of a record-of-rights, but he agrees with the Board that expedition may be overdone and that in some cases greater care was required at the time of attestation. The Board are right in saying that the attestation should not be judged merely by the number of objections under section 103A which are upheld, but that it should be rather judged by the number of objections filed after attestation, and by this standard it appears that the attestation work has, on the whole, been carefully done.

4. The Lieutenant-Governor notices the difficulties that have beset the operations in Darbhanga, owing to the oppressive and unscrupulous action of certain landlords, with which, however, the Settlement Officer has fortunately been able to cope. The illustrations given in paragraph 9 of Mr. Kerr's report show the necessity of unfailing vigilance and scrutiny in the examination of all rent claims. He trusts that the case reported of rewriting the *jamabandi* from the village map, after having the areas extracted, will not become common, but it is very evident that the acceptance of the rent statements of the landlords

of this district require the most careful scrutiny. The Settlement Officer of Bihar has reported a case in which the Assistant Settlement Officer dismissed a claim for rent as illegal under section 29, Bengal Tenancy Act. It appears that the raiyats had filed a petition agreeing to the rent claimed, but as it was illegal, the officer rejected it. On appeal to the Special Judge, the compromise was accepted, and the Advocate-General has recorded that, in his opinion, the decision of the Court was right. This is an important ruling, and a copy of the judgment and opinion should be sent for the information of Government. The Lieutenant-Governor has read with interest the remarks of the Settlement Officers on the transfers of occupancy rights in Saran, Darbhanga, and the Sonthal Parganas. In the first two districts, the percentage of transfers is 7·87 and 2·44, respectively, over a period of ten years, and in neither does there appear at present to be any fear that the professional money-lending class is to any serious extent acquiring occupancy rights to the detriment of the actual cultivators. In Darbhanga the landlords, it is stated, do their best to prevent the professional money-lender from getting any footing in their villages. The statistics given for the Sonthal Parganas, show clearly that, even without any village supervising agency, the orders of 1887 prohibiting sales have been very fairly obeyed, and there is every reason to think that the action now being taken by the Settlement Officer with reference to transfers will confirm the impression that the endeavour to evade them is futile. The efforts made by Government to protect the peasantry of the Sonthal Parganas from the devices of the money-lenders have been hitherto successful. His Honour notices the comparative ease and rapidity with which recoveries have been effected in Bihar, as compared with similar work in the wealthy districts of Chittagong and Tippera, where the percentage of recovery has been much lower and the cost correspondingly higher. The reason may, perhaps, be found in the anxiety of the poorer raiyat of Bihar to possess that which may safeguard him in the possession of his lands.

5. The Lieutenant-Governor thanks the Board and Mr. Lyon for their careful and capable supervision of the settlement operations of the Province. He acknowledges the great assistance given by the Survey Officers to the Settlement Department, and the thorough and careful work of Messrs. Kerr and McPherson.

ORDER—Ordered that this Resolution be published in the *Calcutta Gazette*, and that a copy of it, with copies of the two Reports, be submitted to the Government of India.

By order of the Lieutenant-Governor of Bengal,

F. A. SLACKE,

Secy. to the Govt. of Bengal.

RESOLUTION ON THE REPORT ON THE LUNATIC ASYLUMS IN BENGAL FOR THE YEAR 1900.

MUNICIPAL DEPARTMENT—MEDICAL.

Calcutta, the 11th April 1901.

RESOLUTION—No. 1621Med.

READ—

Report on the Lunatic Asylums in Bengal for the year 1900.

Read also—

The Report for the year 1899 and the Resolution recorded by Government upon it.

The total number of admissions into the five native asylums in Bengal increased from 220 to 234. The increase occurred in the asylums at Dullunda, Dacca, and Patna, and was largest at Dacca, where it occurred chiefly among criminal lunatics. The same asylum shows a diminution in the number of recoveries considerably above the average, which is attributed to the large number of chronic cases of previous years remaining there. The number of criminal lunatics admitted and re admitted in the course of the year is the largest on record during the last ten years, amounting to 124. The year closed with a total of 482 criminal lunatics in confinement, a number slightly in excess of the decennial average.

2. Out of the total admissions of the year, in 80 cases only were the causes of insanity traced; in 58 of these it was physical, ganja smoking being, as usual, the potent factor in a majority of the cases. The Lieutenant-Governor regrets to notice that, in spite of repeated orders from Government, no improvement has yet been attained in the preparation of the Medical History Sheet. His Honour will, however, wait to see the effect of the remarks made in paragraph 5 of the Resolution recorded on the report for 1899.

3. The improvement in the health of the inmates noticed during the last two years has unfortunately not been maintained during the year under review. The number of admissions to hospital rose from 576 to 962, the increase occurring in the asylums at Dullunda, Dacca, and Cuttack, and being attributed to the unhealthiness of the towns where the asylums are situated. The average daily number in hospital fell from 86·21 to 79·01. The percentage of death shows a slight increase, viz., from 9·63 to 10 68.

4. Two escapes occurred in the course of the year—one from the Dullunda Asylum and the other from Dacca. The warders in fault were punished in both instances.

5. The receipts of the five asylums amounted to Rs. 9,204, viz., Rs. 3,199 from paying-patients and Rs. 6,005 from manufactures, against Rs. 2,530 and Rs. 5,428 in 1899. The total expenditure increased by Rs. 7,358, which is attributed to larger expenditure under the heads of Diet and Public Works.

6 It has been decided to construct a central lunatic asylum by an enlargement of the asylum at Berhampore, and to close the asylums at Dullunda, Patna, and Cuttack. The work has been taken up, and will, it is hoped, be completed during the current year.

7. In the European Asylum at Bhowanipore the number of patients remaining at the close of the year was 37. Sixteen were admitted in the course of the year, being three less than in the preceding twelve months. The causes of insanity were traced in only eight cases. The health of the patients shows a slight improvement, the rate of mortality being 10·32 against 10·96 in 1899. The total expenditure rose from Rs. 20,452 to Rs. 30,080, the increase occurring chiefly in Public Works charges: Rs. 15,263 were contributed by Government and Rs. 14,817 received from paying patients. The female ward was, as usual, overcrowded. Plans for an enlargement of this ward have been prepared, and the work will shortly be taken in hand.

8. The Lieutenant-Governor remarks with pleasure the general efficiency of the work performed by the Superintendents and their staff throughout the year.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Govt. of Bengal.

LADY MACKENZIE ZANANA HOSPITAL

No. 1595Medl., dated Calcutta, the 15th April 1901.

From—H. C. WOODMAN, Esq, Offg. Under-Secy. to the Government of Bengal, Municipal Department,
To—The Commissioner of the Bhagalpur Division.

I AM directed to acknowledge the receipt of your memorandum No. 468J., dated the 12th March 1901, enclosing a memorandum from the Magistrate of Monghyr, from which it appears that Rai Camaleshwari Pershad Singh Bahadur has contributed Rs. 1,000 towards the equipment of the Lady Mackenzie Zanana Hospital, Monghyr, which was built at his expense.

2. In reply, I am to say that the Lieutenant-Governor notices with satisfaction this further instance of Rai Camaleshwari Pershad Singh Bahadur's liberality, and to request that His Honour's thanks may be conveyed to him. This letter will be published in the *Calcutta Gazette*.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF MARCH 1901.

WEATHER conditions were more settled than usual almost throughout the month. The shallow depressions which drift across the Province from west to east and cause the variable winds on which the occurrence of thunderstorms with rainfall depends were of rare occurrence. In consequence rainfall was in defect in all parts of Bengal and Assam. The deficiency in rainfall which is sufficiently noticeable in the western districts is much more marked in East Bengal and the south of Assam. In the former less than half an inch on an average was received as compared with the normal amount of 2·6 inches, and at Silchar, where the normal amount is more than 10 inches, there was only ·6 inch. This deficiency was general over Assam, Sibsagar receiving about 12 per cent. and Dhubri 30 per cent. of the normal.

There was only one occasion of generally unsettled weather, and that about the end of the first week. As in January and February, while a shallow depression was over the Province, a rapid rise of pressure began in the north-east and checked the eastward movement of the depression usual in the early months of the year. On the only occasion when this occurred in March, pressure was slightly low on the 6th; the rapid rise of pressure in Assam and North Bengal was reported on the 7th, and at the same time a few local showers in the north-eastern districts. On the 8th, when all trace of the depression had ceased, general rain fell over almost the whole Province, and was heaviest in the western districts. The local disturbances which were so general between the 7th and 8th probably resulted from the change of winds caused by the advancing wave of rising pressure from the north-east, the irregularly cyclonic winds of the 6th being replaced by easterly winds on the 7th, with a return to light irregular winds on the 8th.

With the exception of the general rainfall between the 7th and 8th, the month was almost entirely rainless. During the latter half of the month a few showers occurred in the eastern districts and in Chota Nagpur, but they were in all cases light and scattered.

During February, important temperature changes passed slowly across Northern India. At the beginning of that month temperature was high in Bengal and low in the west of India. The area of low temperature was slowly transferred eastward, and in the latter part was over Bengal. At the beginning of March, therefore, temperature was low; and as changes continued slow probably owing to the high pressure in the north-west and the greater tendency for northerly winds to blow at a time when they are usually light and irregular, the early part of the month was marked by comparatively low temperature. Mean temperature was below the normal, except in the east, till nearly the end of the third week, after which southerly winds became stronger, temperature rose, and ordinary hot weather conditions prevailed till the end of month.

At the beginning of the month pressure was rising slowly, and the distribution was more of the cold season type than is usual at that time of the year. The difference from the normal varied from excess of ·05 inch in the Central districts to defect of ·05 inch in the south-west of the Bay. The general wind circulation was still northerly, though directions were more variable in the west of the Province, and in consequence temperature was very low in the Western and Central districts. Towards the east, the variation from the normal was smaller, and in part of Assam there was excess. A brisk to rapid rise on the 2nd caused the pressure distribution to become more of the cold season type, with a large excess over Bengal, and though a fall set in immediately afterwards, that arrangement continued with north-westerly winds till the 5th, when the distribution was normal over both the Province and the Bay.

On the 6th the continued fall of pressure caused a shallow depression to appear over the north of the Province, with an irregular system of light cyclonic winds, but on the following day pressure was rising rapidly in the north-east, the area of lowest pressure was over the western districts, and winds were everywhere easterly or south-easterly. Owing probably to these rapid changes of the pressure gradient and the wind system, local disturbances began in North Bengal, and from there extended to other parts Bengal, so that rainfall was reported from nearly all stations on the 8th. On the following day pressure had recovered, the cold season type of distribution was restored, and temperature was again falling, these changes passing from west to east.

What appears to have occurred during these days was as follows. A slight depression formed over Bengal on the 6th, accompanied or followed by the usual rapid rise of pressure in the north-east, which caused the area of lowest pressure to move westwards, but at the same time gave it a better defined form. As soon as the rising pressure ceased, the shallow depression moved eastward and was over the Province on the 8th, the recovery of pressure following on the 9th from the west. There were, therefore, two sets of changes in the wind circulation, the first of which on the 7th was the cause of most of the rainfall.

For some days following the 9th a well-marked pressure gradient obtained, the highest pressure being in the west or north-west and the lowest either over Burma or the south-east of the Bay. This arrangement continued till about the end of the second week, when the uniform distribution characteristic of the change of seasons became established, and temperature, though still somewhat low, was more nearly normal than it had been during any previous part of the month. Winds were light and variable, and fine cloudless weather

prevailed till about the end of the third week, when scattered showers began to fall in Chota Nagpur.

These showers continued for some days in Chota Nagpur, and occasional light rainfall occurred in parts of Bengal Proper during the fourth week. They were nowhere heavy, and were probably due to the varying winds in an area of high and uniform pressure, in which the small oscillations caused a noticeable change on the gradient. As winds were southerly over the head of the Bay and in Lower Bengal, temperature had risen and was in large excess in the southern and central districts. This period of high temperature was not of long duration, as winds again became westerly about the 25th with a rather quick fall of temperature. It rose again, though slowly, and during the closing days ordinary hot weather conditions prevailed with mean temperature above the normal, except in the extreme western districts. During these days there was a large excess of temperature in Assam.

Pressure —Both in the early part of the month and again towards the end pressure was above the normal by rather large amounts over the Province, while in the east of the Bay and in Burma there was normal or deficient pressure. For a short time in the middle of the month the above arrangement was reversed.

In consequence mean pressure for the month is .05 to .06 inch above the normal in the Western and Central districts, the excess diminishing towards the south-east, where it is .03 inch.

At a time of the year when the distribution is very uniform, variations such as are shown above have an important influence on the general weather The most noticeable results were the frequent westerly or north-westerly instead of south-westerly winds and the almost entire absence of disturbance

Temperature was low at the beginning of the month, and, owing to the wind system noticed above, was more generally below than above the normal throughout the month. Defect was at times large in the western districts, and even after the southerly winds set in and temperature rose in the east, there was still comparatively cool weather.

The variation was chiefly in the day temperatures as shown by the means for the month. The difference from the normal in maximum temperature ranged from excess of 5° in East Bengal and the south of Assam to defect of 3° in Chota Nagpur and South Bihar. Night temperature was below the normal on an average for the month over the whole Province, and defect was greatest in East Bengal

Mean excess was 1° in East Bengal and half a degree in Assam Elsewhere there was defect ranging from less than half a degree in North Bengal to more than 2° in Chota Nagpur.

Rainfall was much lighter than usual in all parts, except Bihar, which received very nearly the usual amount. There was only one occasion of general disturbance, about the end of the first week, when light showers fell in the eastern districts, and rainfall in moderate amount occurred in the west. The scattered showers which fell in Chota Nagpur and part of Bengal Proper towards the end of the month were in all cases light and unimportant

South-West Bengal received only 10 per cent, North and East Bengal about 20 per cent., Chota Nagpur about 30 per cent, Orissa 40 and Bihar about 80 per cent. of the normal amount.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the month of March 1901:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

Registrar.

Civil Engineering College, Sibpur.

ENGINEER DEPARTMENT.

Session 1901-1902.

CANDIDATES for admission to the Engineer Department should apply to the Principal before the 15th May 1901. Each application must be accompanied by a registration fee of Re. 1. The session begins on Monday, the 3rd June 1901.

Candidates must furnish proof that they have passed one of the following tests :—

(1) The F.A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.

(2) The B.A. Examination in the B course in Physics and Chemistry. The candidate's age must be under 23 years.

In selection of candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of F.A. Examination.

The maximum number to be admitted each year is limited to 40. The position in the University examination and the age of the candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Further particulars will be supplied on application to the Principal.

Civil Engineering College, Sibpur.

APPRENTICE DEPARTMENT.

Session 1901-1902.

THE date for admission to this department is 3rd June 1901. Candidates must be at least 15 and not more than 17 years of age.

They must have passed Standard VII of the Code for European Schools or the University Entrance Examination. They must submit their applications accompanied by a certificate of age and a certificate showing that they have passed the requisite standard so as to reach the Principal not later than the 6th May 1901, together with a registration fee of Re. 1. No application will be attended to after this date.

The maximum number to be admitted each year is limited to 60, and applicants will be selected in order of merit.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, chest measurement, fitnes for manual labour and eyesight. If this officer's report is unsatisfactory, the applicant will not be admitted.

Before an apprentice is admitted to the College, his parent or guardian must sign an agreement in the form shown in Appendix A.

The session begins on the first Monday in June. All apprentices are required to join the College on that date. Any apprentice prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No apprentice will be admitted or re-admitted to the College after the close of the month of June except by special order of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of the sale below, to the undermentioned estate situate in the district of Birbhum, will be put up to sale at the Birbhum Collectorate on 26th June 1901, corresponding with 12th Ashar 1308 B S.

The purchasers will be subject to the following conditions of sale —

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity

2nd—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once

4th—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale

Streaky Bay.

A Red Pile Beacon with circular head has been placed on the eastern extremity of South Sand, with the house near Perlubie Point bearing east. The Beacon is in six (6) feet of water with three (3) fathoms one hundred and fifty (150) feet to the eastward.

Dashwood Channel has been marked on the north side by two Black Buoys, the outer one is surmounted by a frame work and diamond top, the inner one by a staff and diamond. The south side is marked by two Red Buoys, surmounted with staff and ball.

The positions are as follows:—The outer Black Buoy is in four (4) fathoms water, with Brown Point bearing N. 80° W., Cape Bauer S. 24° W., and the outer Red Buoy and Olive Island in line bearing S. 45° W. The inner Black Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 34° W. and the Red Beacon on South Sand bearing S. 60° E.

The outer Red Buoy is in four (4) fathoms water, with Cape Bauer bearing S. 20° W. and DeMole Point N. 50° W. The inner Red Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 38° W. and DeMole Point N. 60° W.

The Channel has a clear depth of three (3) fathoms right through.

Smoky Bay.

Waterwitch Channel has been marked on the north side by two Black Buoys surmounted with staff and diamond; on the south side by two Red Buoys surmounted with staff and ball.

The positions are as follows:—Outer Black Buoy in three and a half (3½) fathoms water, with the west point of Eyre Spit bearing S. 10° W. and Saddle Peak N. 87° E. Inner Black Buoy in three (3) fathoms water, with Saddle Peak bearing S. 88° E. Cape D'Estree N. 18° W., and the inner Red Buoy in line with the west point of Eyre Island bearing S. 10° E.

Outer Red Buoy in three and a half (3½) fathoms water, with Saddle Peak bearing N. 80° E., Mount Younghusband N. 56° W., and Cape D'Estree N. 20° E. Inner Red Buoy in three (3) fathoms water, with Saddle Peak bearing N. 84° E., Cape D'Estree (west side) N. 17° W., and the west end of Eyre Island S. 8° E. This Channel has a clear passage of four (4) fathoms by keeping a fair distance off the Red Buoys, but a three (3) fathom tongue runs half way across the Channel from the inner Black Buoy.

Denial Bay.

Yatala Channel, south side, has been marked by Red Buoy, Staff, and Ball, in three (3) fathoms water, with Bird Rock bearing E.N.E.; also on north side, eastern end, by a black Buoy, Staff, and Diamond in two and a half (2½) fathoms water, Cape Beaufort bearing E. by N.; west side of Cape Thevenard N. ½ E., and Cape Vivonne E.S.E.

This channel has a clear passage of two and a half (2½) fathoms water right through.

Murat Bay.

The north end of the spit at the entrance to Murat Bay has been marked by a Black Beacon with diamond top; it is in six (6) feet of water.

All bearings are magnetic, and the depths given at O.L.W.S. This affects Admiralty Chart, No. 1061.

Simalur island—Reefs reported—Name of West point.

The British Admiralty has given notice (No. 178 of 1901) that the following reefs exist off the south-east and north-west coasts of Simalur island:—

a. A patch of discoloured water of considerable extent, situated with Belayar rock just open of Tanjong Lentang bearing N. 20° E., the point distant about 3¾ miles, in approximately lat. 2° 18½′ N., long. 96° 28¾′ E.

Soundings of 6 and 8 fathoms were obtained on this patch, but there is probably shoaler water on it.

b. A reef of live coral and sand, with a depth of 17 feet over it, is situated midway between Simalandan rock and Laban on the south shore of Simalandan bay in approximately lat. 2° 48′ 25″ N., long. 95° 47′ 10″ E.

The point situated in approximately lat. 2° 46½′ N., long. 95° 44½′ E., is known locally as Tanjong Loban. (*Notice No. 178 of 1901.*)

(*Variation 2° Easterly in 1901.*)

This Notice affects the following Admiralty Charts:—Acheh head to Tyingkok bay, No. 2760; Simalur island on sheet No. 2201: Also, China Sea Directory, vol. I, 1896, pages 317, 319, and Supplement, 1899, pages 25, 28.

PACIFIC OCEAN—CAROLINE ISLANDS.

Gray Feather bank—Depth on, soundings to the eastward.

THE British Admiralty has given notice (No. 184 of 1901) that a sounding has been obtained of 5 fathoms on the Gray Feather bank, Caroline islands.

Approximate position, lat. 8° 10′ N., long 148° 45′ E.

Also, that in lat. 8° 40′ N., long. 149° 2′ E., he obtained a sounding of 24 fathoms, and continued to get that depth until in lat. 8° 10′ N., long. 149° 17′ E., when there was no bottom at 30 fathoms.

It seems not improbable that the Grey Feather bank is of considerable extent, and that the depth of 5 fathoms was obtained on a patch near its edge. (*Notice No. 184 of 1901.*)

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

t, thunder; ≤, lightning; p, passing temporary showers; ⁄, strong wind; o, overcast.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 1st and 2nd July 1901, at 10-30 A.M. :—

SUBJECTS.		Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	...	100	50
Dictation (spelling, punctuation, etc.)	...	100	50
Arithmetic (the whole) ...	...	240	160
Mensuration (*a*) the whole ...	...	60	30
Book-keeping (*b*) mercantile ...	...	100	50
Total	...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
( ) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied dy a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the college or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the fourth grade of Accountants, Public Works Department.

ENGINEER DEPARTMENT.

Session 1901-1902.

CANDIDATES for admission to the Engineer Department should apply to the Principal before the 15th May 1901. Each application must be accompanied by a registration fee of Re. 1. The session begins on Monday, the 3rd June 1901.

Candidates must furnish proof that they have passed one of the following tests :—

(1) The F.A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.

(2) The B.A. Examination in the B course in Physics and Chemistry. The candidate's age must be under 23 years.

In selection of candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of F.A. Examination.

The maximum number to be admitted each year is limited to 40. The position in the University examination and the age of the candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Further particulars will be supplied on application to the Principal.

The 9th April 1901.

Civil Engineering College, Sibpur.

APPRENTICE DEPARTMENT.

Session 1901-1902.

THE date for admission to this department is 3rd June 1901. Candidates must be at least 15 and not more than 17 years of age.

They must have passed Standard VII of the Code for European Schools or the University Entrance Examination. They must submit their applications accompanied by a certificate of age and a certificate showing that they have passed the requisite standard so as to reach the Principal not later than the 6th May 1901, together with a registration fee of Re. 1. No application will be attended to after this date.

The maximum number to be admitted each year is limited to 60, and applicants will be selected in order of merit.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, chest measurement, fitness for manual labour and eyesight. If this officer's report is unsatisfactory, the applicant will not be admitted.

Before an apprentice is admitted to the College, his parent or guardian must sign an agreement in the form shown in Appendix A.

The session begins on the first Monday in June. All apprentices are required to join the College on that date. Any apprentice prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No apprentice will be admitted or re-admitted to the College after the close of the month of June except by special order of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

There will be one vacancy on the free list for Christian apprentices in June next, and there will be 21 on the reduced fee* list. For natives there will be at least seven vacancies, possibly more, on the reduced fee list.

* Rs. 5 per measem.
" 2 " "

These vacancies will be filled up after the opening of the session by the Board of Visitors from those apprentices who join the College No guarantee can, therefore, be given beforehand, but forms to be filled up for the consideration of the Board can be had on application to the Principal.

With the exception of students on the free and reduced fee lists, all apprentices will pay a tuition fee of Rs. 3 a month for each month of the year.
